**NOT MADE FOR  
THE ORDINARY.**

**NOT  
MADE FOR  
THE ORDINARY.**

A bold collection created for spaces that  
demand distinction and authority.

  
**ACRYWIN**<sup>®</sup>  
PERMIUM DECORATIVE SHEET

## BUILT BEYOND THE EXPECTED

A modern collection built for spaces seeking clarity, strength, and elevated design.

## CREATED PAST THE STANDARD.

Acrywin lives by one principle: Not Made for the Ordinary. Our premium decorative sheets are built for environments where average materials fail. Engineered for long-term UV, heat, and weather resistance, they maintain color, form, and strength without compromise. These surfaces aren't designed for temporary performance—they're crafted for demanding applications that expect durability and precision. Acrywin delivers reliability where it matters, sheet after sheet.

**Optimal Adhesive for PREMIUM DECORATIVE SHEETS**

**Antifinger, anti-scratch, soft touch and more environmentally friendly**

- Using excimer technology, the surface has improved repair performance and is super scratch-resistant compared to similar Acrywin products on the market. Extremely delicate.
- Acrywin material is composed of a multi-layer structure and has stable performance.
- Complies with EU REACH regulations and food-grade environmental protection requirements.
- It does not contain plasticizers, formaldehyde, heavy metals or other harmful substances, and is truly non-toxic and odourless.
- Weather resistance gray card level 4 or above; specific colors can remain weather-resistant for up to 5 years without discoloration.
- The hardness is up to 1H and has good scratch resistance.
- The stain-resistance level can reach level 5 with no obvious change.
- The matte surface feels as smooth as skin, and minor scratches can be repaired with heat.
- Compared with PVC, Acrywin is more environmentally friendly and has stronger surface anti-fouling and scratch resistance. It is an ideal decorative material for door and integrated wall cabinet panels.
