## About Us

We, Temsec Rubber & Engineering Concern, are a reputed company dealing in rubber lining of tank, rubber lagging of drum pulley, FRP lining and allied products. Established in 1994, we enjoy a stronghold in the industry as a reliable manufacturer, supplier and service provider of a wide range of products and services, including Epoxy Painting Services, Copper Blasting Services, FRP Lining of MS Pipeline, FRP Tank, Rubber Lined MS Vessel, Rubber Lined MS Tank, etc. Our company has implemented advanced technology and equipment to emerge as a professional enterprise engaged in manufacturing FRP vessels and pipes.

Our products are manufactured in congruence with industry set norms and guidelines. Further, our products are fabricated using quality-approved raw material like fire-retardant resins, isophthalic polyester, etc. This leads to sustainable product development. We also employ necessary precautions in developing our range without any wastage. Furthermore, our advanced infrastructure facility spread across a sprawling area and outfitted with advanced machinery aids us in fabricating our entire range with utmost precision.

## Key Facts

<b>No of Staff</b>	50
<b>Year of Establishment</b>	2021
<b>OEM Service Provided</b>	No

## Our Products

**MS Storage Tank Fabrication Services**

**Rubber Lined MS Pipeline**

**FRP Lining Of MS Pipeline**

**Rubber Lined MS Pipeline**

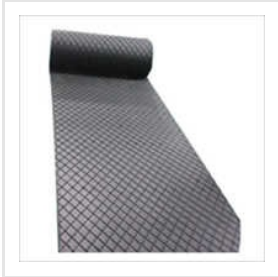

**Rubber Lagging**

**FRP Lining Of MS Vessel**

**MS Pipeline**

**Pulley Lagging Rubber Sheet**

**Rubber Lined MS Tank**

**Ceramic Pulley Lagging Rubber Sheet**

**MS Storage Tank**

**FRP Lining Of MS Tank**

**FRP Tank**

**MS Tank**

**MS Pipeline**

**MS Storage Vessel Tank**
