About Us

Umiya Instruments introduces itself as one of the most experienced and trustworthy traders of Stainless Steel Pressure Gauge, Needle Valve, RTDS Temperature Sensor, DE Diaphragm Seal, Instrumentation Fitting, LA Level Switch, and many other products. We made start to our business journey in 1996 and since then we have multiplied our growth and success. We hold expertise in bringing forth top-grade industrial products in diverse specifications to meet different demands of customers. Our products are precisely engineered, anti-corrosive, durable, and splendid in finishing.

We are associated with Baumer Technologies India Pvt. Ltd. for procuring a range of products and meeting the market demands. The 1989 founded company has its own manufacturing facility in Vapi, Gujarat, India and NABL accredited calibration lab. Apart, the Baumer Group is based in Frauenfeld, Switzerland and has appointed over 2900 professionals in over 39 locations and 19 countries. They are engaged in the business of motion control, sensor solutions, vision technologies, process instrumentation, and gluing systems.

Key Facts

No of Staff	12
Year of Establishment	1996
OEM Service Provided	No

Our Products

R01 RTDS Temperature Sensor

W1 Thermowells

CB Bimetal Temperature Gauge

Double Compression Tube Fitting

Electric Contact Type Pressure Gauge

DB Diaphragm Seal

ZPDX Differential Pressure Switch

Stainless Steel Pressure Gauge

DE Diaphragm Seal

2 Way EC Gauge Cock

2VT Monoflange 2 Valve

LA Level Switch

LG Tublar Level Gauge

T01 Thermocouple

Needle Valve

LR Reed Chain Level Transmitter

ADDRESS

G-5, Shree Narmada Arcade,
Old National Highway No-8,
Near Kotak Mahindra Bank,
Ankleshwar, Gujarat, India
(393002).
