About Us

We at **S R Industries** aspire to become a part of every household and commercial kitchen with our superior quality of kitchen appliances. Under the mentorship of visionary **Mr. Parth Pansara** we are operating as a **manufacturer, retailer** and **wholesaler** of a large variety of products that have top class features, excellent designs, durability and more qualities. This variety is encompassing **Grater With Peeler, Plastic Handle Star Peeler, Stainless Steel Kitchen knife, Wooden Handle Vegetable Cutting Knife, Plastic Vegetable Chopper, Lemon Squeezer** and various other items. Our purpose is to make kitchens complete with our unique and better-performing products.

All the items are manufactured using finest grade raw material such as stainless steel, plastic, wood and more available in the market currently. We are adhering to vital standards, guidelines and policies that are set in the industry to design & develop products that suits the desired requirements of customers. Keeping in touch with the modern styles and preferences of customers, we are making sure that our designed products stand out in the marketplace and, grab attention of buyers for their elegant look. Furthermore, we always ensure that only perfectly finished, working and quality approved products are delivered by us.

Infra Set Up

At Rajkot (Gujarat), we have 5 well-equipped production units that are highly resourceful to us. These units equip machinery, tools and technologies that are essential for designing all items from scratch, processing the raw materials and getting the desired results as per required quality standards. With the availability of advanced infra facilities, we are able to produce items such as Plastic Handle Star Peeler, Grater With Peeler, Wooden Handle Vegetable Cutting Knife, Stainless Steel Kitchen knife, Lemon Squeezer, Plastic Vegetable Chopper and more in bulk amount without compromising in production quality and timings. Our infra set up is well organized to ensure smooth processing of all our industrial tasks.
