About Us

Elcon Industries, a premier and oldest manufacturer of cable management systems, industrial earthing materials, and other products in India, was established in 1996. As of now, we are the industry leader. This growth was made possible by providing unrivalled quality in both services and products. In terms of customer care, our company is unique today. Facilities that are placed strategically do not guarantee superior service. Our professional staff members are enthusiastic, experienced, and attentive to the demands of their clients. We are certain that our range meets or exceeds the requirements of our distinguished customers and that it is at par with global standards thanks to the correct attitude combined with the facilities.

We manufacture erection hardware Such as Perforated Cable Trays, Elcon Make Cable Trays, Cable Ducts, Ladder Cable Trays, Wire Mesh Cable Trays, Cable Raceways, Bolted Type Ladder Cable Trays, etc. We also create new standards with our product offerings. We have gone a long way from our beginnings under the direction of Mr. Praveen Oswal. We are continuously developing our strengths to surpass all industry heights. We can also tailor our range to the requirements of our esteemed clients.
