About Us

We are profiting customers with our extraordinary range of sewing machines and related spares. Our company has been unraveling a quality-assured range of industrial sewing machines that is suited to precise needs of our priceless customers in the textile industry. We are stretching our base across many markets by providing quality-oriented machines that are smooth in finish, effortless to install and seamless in operation. Our manufactured high-standard sewing machines are designed to uplift skills of the users and thus continue executing projects in an impressive manner.

Our inspiring business mentor focusing on making sewing a sophisticated means to earn livelihood started the business venture in 2017. To uplift business by gaining more orders from wholesale and trading markets, the company expanded its operations. This expansion became the reason behind introduction of Siley Sewing Machines Private Limited in the Indian market. Today, Siley Machines are becoming heavily popular across several marketplaces for their extensive speed, modern design and rigid construction.

We are maintaining our machines in several specifications as a manufacturer for aiding Indian customers to choose the best. Our company matches the growing demands for Siley Sewing Machine, Domestic Sewing Machines, Siley Foot Pedal Sewing Machines, Sewing Machine Motors, Sewing Machine Carry Boxes and others by setting an affordable price range in products and offering quick after sales support.
