About Us

Our company, DEF Solutions Private Limited, is capable of satisfying the different needs of clients due to the help of suitable resources in terms of machinery, manpower, cash, and so on. Diesel Exhaust Fluid, SD-105 E Adblue Dispenser Booth, Adblue DEF Making Machine, Oil Filtration Systems and many other items are available from us. Because of the high quality of our products and ethical policies, we have established ourselves as a reputable manufacturer and supplier in the market. In addition, we are also known as a service provider for Consultancy Services. Our company is developing by leaps and bounds, which has been possible because of the support of our director Mr. Abhishek Gupta. Our organization has benefited from his impressive business understanding, leadership qualities, and extensive industry knowledge.

Oilman Filter Technologies have been in business since 2017, and they manufacture a comprehensive selection of Diesel Exhaust Fluid, Water Treatment Plants, Diesel Exhaust Fluid Making Machines, and other products. Our sister concern is a Sole Proprietorship organisation based in Ahmedabad (Gujarat, India), and they always manufacture and supply the products in accordance with industry standards. Further, they make their products available to valued customers at competitive prices. The company achieved a wonderful and strong position in the industry under the leadership of our mentor Mr. Rajesh Wadhawan.
