

Sandesh; best place to avail fresh Natural Red Apple, Japanese Honey Peach Fruit, Fresh Red Cherry, Persimmon Fruit, etc.

About Us

Sandesh is one of the most reliable and fastest growing business enterprises in the Indian market which was founded two years back in 2020 by **Mr. Sandesh Chauhan**. With the utmost passion and dedication, he has started the business of trading and supplying different kinds of Fruits such as **Natural Black Cherry, Japanese Persimmon Fruit, Persimmon Fruit, Natural Japanese Fruit, Red Royal Delicious Apple, etc.** All these fresh and delicious fruits are sourced from the certified Indian producers and even from the farmers. We supply these fruits in bulk quantities to various fruit vendors, supermarkets, grocery stores, etc. Within two years of incorporation, we are able to achieve a trustworthy position of **trader and supplier** because of the continuous support of our workforce as well as customers. We are also getting great support from our vendors who provide us with supreme quality delicious and fresh fruits. The vendors are very carefully selected by our company on the grounds of their reputation, quality of offerings, price & delivery structure, etc.

Our Future Goals

- Being an emerging business enterprise, we are aiming to be at the top in the priority list of the customers.
- To serve the diversified requirements of the customers, we are planning to add more product categories in the future.
- We are willing to expand our business in the whole world so that we can represent our quality products at the international platform.
- Winning customers trust and becoming their favorite choice is another goal of our client oriented organization.

Quality, Comes First

Being a trading company, we pay more attention towards ensuring that the procured products such as **Persimmon Fruit, Natural Japanese Fruit, Natural Black Cherry, Japanese Persimmon Fruit, Red Royal Delicious Apple, etc.** are must of good quality. Not only do we procure these goods from the certified vendors but also examine the offerings against different parameters. The parameters include freshness, taste, purity, free from chemicals, etc. Further, to protect the fruits from dirt & dust, we properly pack them in air tight & moisture proof material. We have a group of quality analysts who by using modern instruments test the quality of the finished products and make sure that they are as per the industrial standards.
