About Us

Ayush Earthmovers is a leading manufacturer and supplier of premium quality excavator attachments, such as Excavator Buckets, Excavator Track Link Assemblies, Forged Tooth Points, and Track Rollers. Established for excellence, we are applying advanced manufacturing techniques along with premium raw materials in order to assure excellence in our products that can come at par with international standards. Our products are designed to last and prove efficient for diverse applications. We pride ourselves in our ability to make products follow the clients specifications with optimal performance under the toughest of conditions. Through a very robust network of distribution, we help clients within India and within the stipulated time frame beyond Indian borders. While innovating and ensuring our offerings reach our customers far more satisfyingly, we still make it work to make ourselves their sole destination for reliable excavator components.

Ayush Earthmovers, based in Chennai, Tamil Nadu, India, is a leading manufacturer of products like Track Roller, Forged Tooth Point, Excavator Track Link Assembly and Excavator Bucket. With a commitment to excellence and innovation, we leverage advanced manufacturing techniques and premium materials to produce durable products that meet the rigorous demands of esteemed customers. We pride ourselves on our ability to customize solutions tailored to our clients specific needs, reinforcing our reputation as a trusted partner in the heavy machinery sector.
