

Airtech

# **Revolutionary EVAPORATIVE COOLING SYSTEMS**

# AIRTECH-AIR WASHERS

## EVAPORATIVE COOLING SYSTEMS

AIRTECH- AIRWASHERS with cellulose paper pads, cross sectional, specially treated fluid media capable of absorbing and retaining water to provide the maximum cooling efficiencies. The cooling pad is cross-corrugated to maximize the mixing of air and water, and eliminate water carryover.

AIRTECH- AIRWASHERS are designed for compactness and rigid construction.

CASING - G.I. Sheet/Precoated Sheet with Sandwich type Panel.

BLOWERS- Statistically and dynamically balanced. Blowers Motor Mounted on anti vibration pad

BEARINGS- Self-aligning pillow type (imported)

FILTERS - G.I. Wiremesh filters/ synthetic media.

AIRTECH- AIRWASHER ARE VERY USEFUL FOR:

HOTELS - RESTAURANTS (Banquet Halls, Kitchens)

FACTORIES - ( Productions areas, Canteens and Plastic Industries etc.)

FOOD PROCESSING UNITS, CINEMA HALLS, GENERATOR ROOMS,

AUDITORIUMS, SHOWROOMS.

Big Capacity  
Industrial Coolers

| MODEL    | C.F.M. | RECOMMENDED HP |        |
|----------|--------|----------------|--------|
|          |        | MOTOR          | PUMP   |
| ATAW- 4  | 4000   | 2 HP           | 1/4 HP |
| ATAW- 6  | 6000   | 3 HP           | "      |
| ATAW- 8  | 8000   | 5 HP           | "      |
| ATAW- 10 | 10000  | 5 HP           | "      |
| ATAW- 12 | 12000  | 7.5 HP         | "      |
| ATAW- 15 | 15000  | 7.5 HP         | 1/2 HP |
| ATAW- 18 | 18000  | 10 HP          | "      |
| ATAW- 20 | 20000  | 10 HP          | "      |
| ATAW- 25 | 25000  | 12.5 HP        | "      |
| ATAW- 30 | 30000  | 15 HP          | "      |
| ATAW- 40 | 40000  | 20 HP          | 3/4 HP |
| ATAW- 50 | 50000  | 25 HP          | "      |

Note: All dimensions & specifications are subject to change without notice.

Airtech - Air washer can be supplied in various sizes, according to space.
