About Us

Manufacturing of industrial machines and components is not at all an easy task and requires adequate knowledge of the domain. Radhika Industries is one of those entities which hold massive business experience of around 26 years in manufacturing Electric Scrubber Making Machine, Face Mask Making Machine, Scrubber Cutting Machine, Automatic Scrubber Making Machine, Scrubber Press Roller, etc. With dedication and determination, we have been working from the past several years, which has made us a preferred & respected manufacturer, trader, exporter and supplier. In these years, we have earned great respect of the customers by offering them products that are true value for money.

The perfection with which we manufacture our machines and components can be seen in their rust proof finish, sturdy structure, great operational life, hassle free operations and precise dimensions. We have a skilled team of production experts to take care of all the manufacturing related activities and ensure our high standards are never compromised. We are glad to work with some of the most talented and dynamic team members who know what it takes to please our clients. The management also gets complete support from them when it comes to implementing new policies in the company. With the ideal combination of manpower, machinery and technology, we are consistently achieving milestones in the industry.
