About Us

Abbott Air Systems is one of the pioneers of modern industrial products market. Established in 1992, we are a renowned manufacturer, exporter and supplier of Air Curtain, Dust Collector, High Pressure Blower, DC Motor Cooling Blower, Roof Extractor, Plug Fan and many other products. We are known for our products that stand high in terms of the quality standards, energy-efficiency and reliability. Our excellent customer services have also helped us in earning a reputation in the market.

With a wealth of three decades of experience behind us, we have gained specialization in working with our clients and providing them with the most cost-effective solution. We have a dedicated team ready to look after each part of the project, from initial load calculation and design to the installation of the offered products. We also provide consultation for post-project service, maintenance, and regulation of the products.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	induced draft fan,forced draft fan,boiler id fan,tube axial flow fans,Airwasher,centrifugal blowers,blower
No of Staff	42
Year of Establishment	1992
OEM Service Provided	No
Memberships	ISHRAE MEMBER LIFETIME
ProductRange	induced draft fan,forced draft fan,boiler id fan,tube axial flow fans,Airwasher,centrifugal blowers,blower

Our Products

Roof Extractor

Fume Exhaust And Pollution Control

Dust Collector

High Pressure Blower

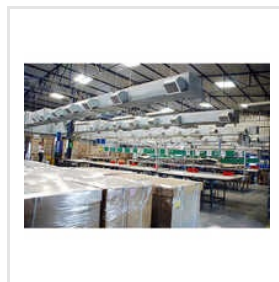

Man Coolers

Centrifugal Fan

Fume Exhaust System For Weld Station

Centralised Air Cooling Unit

Airwasher Double Skin

DC Motor Cooling Blower

Commercial Axial Flow Fans

Axial Flow Fire Exhaust Fan

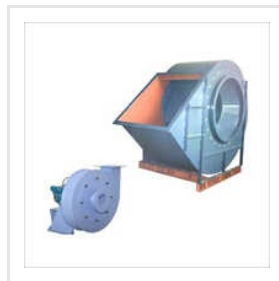

Inline Fans

Dust Collector

Plug Fan

FD And ID Fan
