## About Us

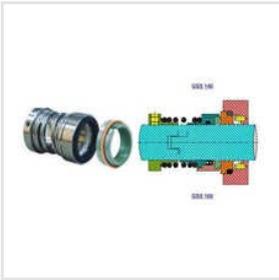

Globe Star Engineers (India) Pvt. Ltd. is a trusted manufacturer and supplier of high-performance fluid handling and fire safety systems based in Ahmedabad, Gujarat, India. Since beginning operations in 2002, we have remained dedicated to engineering excellence, quality manufacturing, and solution-driven support for diverse industrial and commercial projects. Our focus is on delivering products that offer durability, efficiency, and measurable operational value for clients across sectors. Our extensive range of products includes Mechanical Seal, Vertical Multistage Inline Pump, Fire Fighting Pump, Fire Fighting System and Pressure Booster System. Designed for varied applications such as water supply, fire protection, building services, and industrial fluid handling, these offerings are carefully engineered to meet stringent performance and safety requirements. Each system is developed for reliable integration within existing setups and optimized for operational consistency.

Quality and precision are central to our manufacturing philosophy. We maintain a state-of-the-art production facility and testing infrastructure to ensure each product meets defined performance benchmarks before delivery. Our Mechanical Seals are designed for rugged service environments, while our pumps - including multistage and booster configurations - are manufactured with high-grade materials to support long service life and dependable performance. Rigorous quality control checks are conducted at every stage to align with international standards.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>No of Staff</b>	30
<b>Year of Establishment</b>	2002
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	Yes

**Our Products**

**GSS-140 - GSS-160  
Single Spring**

**Centrifugal Process  
Pump**

**PP Centrifugal Pump**

**Sewage Pump**

**Industrial Mud Pump**

**Dewatering Pump**

**Vertical Multistage  
Inline Pump**

**Centrifugal Thermic  
Fluid Hot Oil Pump**

**Fire Fighting Pump**

**Progressive Cavity  
Screw Pump**

**Pressure Booster Pump**

**Lobe Pump**

**Horizontal Side Suction  
Pump**

**Rotary Gear Pump**

**Mud Monoblock Pump**

**Vertical Long Shaft  
Sump Pump**
