About Us

Finding robust and reliable designs in **Biometric Attendance Device, GSM Shutter Guard, Data Backup Device, RFID Card Encoder, Electronic Safe Locker** and other products is now easy with Ovlox India- a manufacturer and exporter of these specialized products from Aligarh. Our Uttar Pradesh based company designs these products using A grade materials by strictly prioritizing the needs of customers across a diverse range of sectors.

We have many experts who sincerely work at our state-of-the-art facility to produce and reproduce designs in endless specifications. These responsible experts know how to leverage their skills to select the most appropriate production technology, design tools, design methods, the right material for Tools, Dies & Blocks, etc. Using their ongoing assistance, we live up to product quality expectations of clients and render them Repairing Service on the products that we sell, if needed.

Quality Control & R&D

Since 2019, we have made a mark as a reputable product seller that knows how to cater to specific and demanding needs of home owners, project builders, commercial tradespeople and many others from across verticals. This is because we work around the clock following stringent quality control norms so as to come up with improved designs in our range of Biometric Attendance Device, GSM Shutter Guard, Data Backup Device, RFID Card Encoder, Electronic Safe Locker, etc., in sync with our lowest prices policy. We also have an intensive R&D feedback-based system of safeguarding and maintaining the predetermined standards in our manufactured range. We recruit experts who are trained to quality test the output against the provided specifications. Our R&D work also involves assessing the current operations and processes to eliminate loopholes and find out and then invest only in the high impact areas of growth and opportunity.

Our Team

Our team members are behind the success that we enjoy today as a leading specialist of this field. It is because of their untiring efforts that we enjoy a high client retention rate.
