## About Us

Eastman Industries Limited as a market leading name excels in manufacturing and exporting premium quality Tractor Linkage Pins, Tractor Hitch Pins, Combine Harvester Parts, Tractor Linch Pins & PTO Pin, Linkage Parts, Trailer Parts, Tractor Top Link Assemblies, Harvester Blade, etc. Fabricated using best of breed raw materials like stainless steel, LC, EN8, and spring steel, these are known for excellent durability, fine finishing, outstanding dimensional accuracy and extended service lives. The products that we deal in find their use in various agricultural and construction machines. We also have expertise in providing bespoke solutions for a wide range of Industrial Pins. Today, we efficiently outpace market competition because of our extraordinary products, ethical business strategies and exemplary services.

Since inception of our firm in 1982, we, Eastman Industries Limited, based in Ludhiana, Punjab, have been maintaining highest order of quality in our range of Agriculture Implements & Spare Parts, Harvesting Parts and allied equipment. To guarantee flawlessness in our product range, we have underlined strict quality control norms in our organization that are followed at all business levels. We have also erected a world class quality testing unit that aids in product quality testing and evaluation of our range in terms of various defined parameters. The unit is overseen by a crew of qualified quality who keeps an eye on various processes like raw material procurement, storage, packaging, delivery, etc.
