

TRUBER

Manufacturers & Exporters of Rubber Products in Natural, Nitrile, Neoprene, Silicon, Viton, Hypalon & EPDM

Butterfly Valves Seals

Butterfly valve seals available in **NITRILE , EPDM and SILICON IN 3",4".6" and 8"**

Dome Valve seals

We manufacture **Insert Seal For Dome Valve.**

The inflatable dome valve seal is available in Silicon, Neoprene for dome valve. These Dome valve seals are used in dense phase or pressure pneumatic conveying for fly ash handling system in coal fired boilers in power plant.

MATERIALS OF ELASTOMERS

We manufacture these Dome valve seals in Different elastomers including:

- SILICONE
- NBR- NITRILE
- NEOPRENE CHLOROPRENE

OUR INSERT SEALS RANGE IS AVAILABLE IN FOLLOWING SIZES:

- 50NB – 2 INCHES
- 80NB – 3 INCHES
- 100NB – 4 INCHES
- 150NB – 6 INCHES
- 200NB – 8 INCHES
- 300NB – 12 INCHES

Rubber O Rings

O Rings are available in Natural ,NBR Nitrile , Neoprene, EPDM ,Silicon and Viton Rubbers. We can manufacture O Rings from 20mm ID or OD size to 500 mm ID or OD size.

TRUBER ELASTOMERS Rubber O rings are available in all sizes upto 1000mm diameter and in Nitrile / NBR, HNBR,- Natural, Neoprene, EPDM Silicon, Viton, Aas Rubber Materials.

TRUBER ELASTOMERS make VITON O RINGS from 50 mm to 400mm at competitive rates.

Pipe Joining Gaskets

Used as Pipe Joining gaskets in Pipe Fittings of Cast Iron, Ductile iron and HDPE Pipe. It is available in Natural and EPDM Rubbers.

Available In Sizes

63, 75, 90, 110, 160, 200, 225, 315, 400 MM

CI: Cast Iron
DI: Ductile Iron
HDPE Pipe

Moulded Rubber Products

TRUBER ELASTOMERS MANUFACTURES THE BELOW RUBBER MOULDED PRODUCTS

- | | |
|-------------------|---------------------------------|
| 1. RUBBER SEALS | 5. RUBBER BELLOWS |
| 2. RUBBER GASKETS | 6. RUBBER DIAPHRAGMS |
| 3. RUBBER WASHERS | 7. RUBBER O RINGS |
| 4. RUBBER BUSHES | 8. RUBBER TO METAL BONDED SEALS |

Silicon Oil Seal

We are actively involved in manufacturing and Supplying Silicone Oil Seal. Our Products Find Great usage in motorcycles, agricultural machinery, exercise equipment, trailers and trucks for providing sealing Solutions.

Pipe Sealing Rubber SWR

Pipe Sealing

PVC SEALING RUBBER RING . IRPC Rubber Sealing rings are used in pipe joint and it is available in 3" ,4" and 6" as PVC RUBBER SEALING RINGS in NATURAL and EPDM.

SWR Rings

TRUBER ELASTOMERS SWR Rings is oered in diverse sizes that include 50mm, 63mm, 75mm, 90mm, 110mm, 125mm, 140mm, and 160mm. In addition, the qualities available are general and customized. Owing to their sturdy construction these can also withstand adverse conditions.

Marine Rubber Fender

It Uses Compressed air as buffer medium to soften the ship's collision with dock or another ship. Compared with normal spring rubber fenders (such as used tyre fender and solid core rubber fender), it has advantages of large shocking energy absorption, low unit area pressure reacting on ship, excellent impact-fatigue resistance, simple and easy installation and so on. Capacity width we can make from 75 mm to 150 mm

Bellows

Rubber Bellow

TRUBER ELASTOMERS Rubber Bellows are manufactured using high-grade chemicals, polymers and other materials,obtained from acclaimed vendors of the market. Made in consonance with the international quality regimes, these products are assured for their tough design, high strength and durability.

Axle Boot

TRUBER ELASTOMERS Axle Boot are Used as shock absorbers in the most critical areas, we provide these products using the most high grade raw material in available in the industry. Rigid quality testing and compliance to industry norms is also ensured for Optimum Utility.

Water Filter 'O' ring

Available in Food Grade

Water Pump Seal

Rubber for all the Water pumps

PU (Poly Urethane) - Seal

AUTOMOBILE RUBBER PARTS

Exhaust hanger -Silencer Hanger

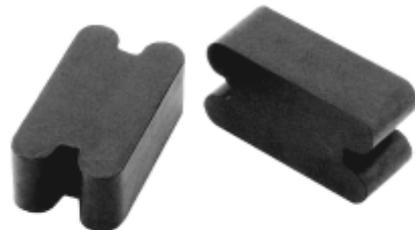

Exhaust Silencer Hanger

This good quality durable exhaust hanger also called as silencer hanger or muffler hanger used in automobile car parts. we have most of the sizes used in Nissan,Toyota. Volkswagen and we can make as per your size

Coil Spring Booster

This good quality durable Booster used in automobile car parts. We have most of the sizes used in Trucks.

Pipe Stopper Rubber Sealing Rings

TRUBER ELASTOMERS Manufacture Pipe Stopper Sealing Rings for sizes upto 48" and in varieties of materials including Natural Rubber, NBR, Neoprene, EPDM, Silicon, Viton suited for High Temperatures and Harsh Chemical Environments

Metal To Rubber Bonding

Small Orifice Flexible Plug Is Used in Oil and Gas Industry plug is used in oil and gas industry .AVAILABLE IN NITRILE and HNBR -Hydrogenated NBR TRUBER ELASTOMERS dart plugs are available in all sizes from 2-3/8" to 24" and in small orices, shallow centre, deep cup exible plug variants. TRUBER ELASTOMERS exible dart plugs

ORIFICE FLEXIBLE RUBBER DART PLUGS

Hood Adjuster

PTFE Coated Diaphragms

PTFE Diaphragm is widely used in Oil chemical industries, Coal industries, paper making, weave, food, beverage, pharmaceutical and bio processing industries.

PTFE Diaphragm Application:

- Food processing industry
- Electronics industry
- Sanitary application
- Water and waste processing application
- Chemical and refinery
- Pharmaceutical industry
- Chemical production

Rubber Boot

EPDM Rubber boots are widely used in industrial cleaning equipments

Rubber U & V Seals

We Manufacture U & V Seals in Nitrile, Natural, Silicon Rubbers from 50 mm to 500 mm

Silicon O Rings

We Manufacture High Temperature with standing Silicon, Viton O rings from 50 mm - 500 mm

Conventional Packer Elements

Top & Bottom Cementing Plug

These cementing plugs are Used in oil and gas industry. Cementing plugs are available in NBR and HNBR hydrogenated . we have exported cementing plugs to many clients in UK, Canada and middle east.

TRUBER ELASTOMERS top and cementing plugs are available in sizes from 3-1/2" to 13-3/8" and they are made up of aluminium / phenolic / urethane inserts moulded to SBR/NBR/HNBR/NATURAL RUBBERS

Available sizes:

2-3/8" 2-5/8" 2-7/8" 3-1/4"
3-1/2" 4" 4-1/4" 4-1/2" 5" 5- 1/2"

PACKER ELEMENTS

Packer Elements Nitrile

Packer Elements Nitrile Downhole

Downhole Packer Elements

Packer element is used in oil and gas industry . Packer element is available in NBR,HNBR,VITON,AFLAS. we have supplied to parties in Canada USA UK and middle east.

TRUBER ELASTOMERS Packer Elements are available in NBR / HNBR / SILICON / VITON / Aas Rubber Material and resistant to high temperatures and harsh chemical environments
we have the available sizes,

- 4-1/2"x2-3/8" Arrowset
- 5-1/2"x2-7/8" Arrowset
- 5-1/2"x2-7/8" Arrowset
- 5-1/2"x2-7/8" Baker
- 6-5/8"x2-7/8" Arrowset
- 7"x2-7/8" Arrowset
- 7"x2-7/8" Arrowset
- 7"x2-7/8" Hydro Grip Packer
- 9-5/8" Element

TRUBER ELASTOMERS Manufactures all sizes of Neoprene Gaskets upto 1000 mm Diameter at very competitive rates.

Bonded Seal

TRUBER ELASTOMERS Manufactures BSP Dowty Seals in the following sizes:

1/8" 1/4" 3/8" 1/2" 3/4" 1" 1 1/4" 1 1/2" 2"

Threaded Rubber Bush

We are Offering a Qualitative and Comprehensive range of Rubber Bushings These are made up of high grade quality material matching with the industrial norms. Our Products Fulfill the Requirements of the Clients and are offered as per Specifications laid by them.

Flange Gasket

TRUBER ELASTOMERS Manufactures Flange Gaskets in sizes upto 36" and in Nitrile, EPDM, Silicon, EPDM, Neoprene, Viton Materials.

Extuded Rubber Profile

TRUBER ELASTOMERS manufacture Rubber Extruded Proles in Natural, Nitrile, Neoprene, silicon, Viton and EPDM

Silicon Diaphragm

Silicon diaphragm pressure sensors have been fabricated by anodic oxidation etch-stop to reduce the pressure sensitivity variation. The diaphragm thickness is precisely controlled by automatic etch-stop in hydrazine-water solution. p-Type piezoresistive elements are fabricated by boron ion implantation on a (100) orientation n-type epitaxial layer.

TRUBER ELASTOMERS Silicon driaphragm are coming with fabric insertion and resistant to temperatures upto 250C

Neoprene Gasket

Pharmaceutical Rubber Wads

TRUBER ELASTOMERS Manufactures a complete assortment of Pharmaceutical Rubber Wads in variety of Diameters and in Neoprene, Silicon, Butyl, SBR, Latex Materials Two pieces Induction Heat Seal covers a wide range of containers, providing a hermetic seal against leaks, contamination and oxidation. Two-piece liners form a fused seal to containers, which must be cut or pierced for removal, leaving an aluminum seal on the container land area.

Exhaust hanger -Silencer Hanger

Hood Adjuster

- Packer Elements • Cementing Plugs • O-Rings • Pipe Joining Gaskets
- Automobile Rubber Parts • Fenders • Rubber Cord
- Bushes • Diaphragms • Pharmaceutical Wads

TRUBER ELASTOMERS

Manufacturer of Rubber Products

S.F. No. 537, Thadagam Road,
Near Keerthiman School, Kanuvai,
Coimbatore - 641 108.
