MULTI SPRING SEALS

About Us

Our company, Line Proof Engineering, is one of the top experts in the design and production of Metal Bellow Seals, Agitator Seals, Split Seals, Carbon Floating Ring Seals, Rotary Joint, and more. Being a leading manufacturer, supplier, and exporter, we have dedicated ourselves to creating the highest-quality sealing products and accessories for many years. We set the standard by offering highly effective solutions with optimal sealing performance through the utilization of cutting-edge technology. Our extensive experience, expertise, and understanding have helped the business establish itself as one of the most reputable producers of mechanical shaft seals and other components. Over the years, we have significantly impacted the process industry. Our extensive experience, expertise, and understanding have helped the company establish itself as one of the most reputable producers in the market.

At competitive costs, our company provides high-quality products and services. Our primary objective is client happiness, which we achieve by focusing on the market and allocating resources for continuing care and assistance

Key Facts

No of Staff	10
Year of Establishment	2017
No of Production Lines	1
OEM Service Provided	No

Our Products

Rubber Bellow Seals

Double Cartridge Seals

Wave Spring Seals

Single Cartridge Seals

Industrial Carbon Floating Ring Seals

PTFE Products

LP-106 Rotary Joint

PTFE Bellow Seals

Industrial Split Seals

Graphoil Products

Metal Bellow Seals

Agitator Seals

Sparkler Filter Seals

Dry Running Seals

Grundfos Cartridge Seals

Conical Spring Seals
