About Us

Bhartiya Agro Chemicals is a reliable manufacturer and supplier of premium agrochemical products in India. Located in Bareilly, Uttar Pradesh, our company is dedicated to enhancing agricultural productivity and empowering farmers by offering innovative, effective, and tailored solutions to meet the evolving needs of modern agriculture. At Bhartiya Agro Chemicals, we recognize that sustainable farming and healthy crops are the foundation of food security. Guided by this vision, we specialize in the development and supply of a diverse range of agrochemical products, including Amino Acid 20 Liquid, Plant-Based Sulphur 90% DP, High Zinc Micronutrient Mixture, Humic Acid, Amino Shiny Balls, and other essential crop nutrition solutions. Each product is carefully crafted to improve soil fertility, stimulate plant growth, and maximize crop yield, all while adhering to environmentally friendly standards.

Our Amino Acid 20 Liquid is formulated to enhance plant health by improving nutrient absorption and promoting growth at the cellular level. The Plant-Based Sulphur 90% DP provides a natural and efficient solution for sulfur-deficient soils, supporting protein synthesis and improving overall crop quality. The High Zinc Micronutrient Mixture is designed to correct micronutrient deficiencies, fostering robust plant development and increased productivity.
