About Us

Honesty, reliability and responsibility are the core values of our company, Mansha Automats; based upon which we have carved a niche for ourselves in the market. We work hard to give full justice to the title of our quality-focused manufacturer by following total quality management. Guided by our MD, Mr. Kuldeep Yadav, we are producing Metal Pivot, Turned Hex Nut, Hollow Shaft, Traub Machined Component, Metal Washer, etc., of impressed quality. We are into the market since 1997, but unlike other companies, we have never taken our customers for-granted. The people of our company keep putting in efforts to keep the interests of our customers intact. Our primary objective has always been to make our customers happy because we believe customers are the main asset of a business entity. And, for this reason; we follow customer-focused approaches. Moreover, it is our hard work and strong determination that has led us to achieve such huge success in the market.

We, Mansha Automats, have witnessed great experiences since the year 1997 of our work in this business line. In our such a long business journey, we are always loved by our customers because of the quality products we offer them. Our range of Industrial Turning Pin, Rocker Arm Shaft, Machine Rings, etc., are always appreciated by our customers due to their high efficiency, less power consumption, reliability, etc. Faridabad, Haryana, India, based business applies modern production techniques for eliminating the chances of error occurrence. Using modern machinery, achieving products of high quality has increased. Moreover, the marketing strategies we follow has helped us earn an annual turnover of INR 70 Lac. - 1 Cr., in the last financial year.
