About Us

Founded in 1990 in Kolkata, West Bengal, India, Modern Flexi Packaging System Private Limited is a leading manufacturer and exporter of a broad range of industrial packaging machines. Our product line includes Packaging Machine, FFS Machines, Sealing Machine, Liquid Filling Machines, and more. Our machines are widely recognized for their low power consumption, minimal maintenance needs, and high efficiency. Our success is attributed to the dedicated efforts of our team, which is the backbone of the company. We have also established a state-of-the-art supplying unit in Kolkata, equipped with advanced technology to support our operations and fulfill bulk orders promptly.

Our entity was founded by Mr. Ramchandra Saha, a packaging industry expert. With an in-depth knowledge of the field, Mr. Saha's leadership and business acumen have enabled us to maintain a competitive edge. He completed his Masters degree in Packaging Technology from the Indian Institute of Packaging, Mumbai, in 1988. The company originally focused on packaging consultancy and spare parts assembly for packaging machinery. Today, we are a trusted name for supplying a diverse range of industrial packaging machines.
