About Us

Established in 1994, Leader Group is a leading supplier of industrial supplies and accessories. With a focus on exceptional quality and reliability, we have become a trusted manufacturer, supplier and trader of Panasonic Ball Bearing, LG Double Sensor, Open Valve, Brass Manifold Gauge Set and other products. These products are an essential part of various industries as they are used in heating, ventilation, and air conditioning systems. Our products are recognized for their functional supremacy, dimensional accuracy, durability and affordability. To deliver products as per schedule, we have developed a centralized warehousing facility which allows us to store our goods and conduct critical warehousing operations including pick & pack, inventory management, shipping and other operations.

Every product that we produce demonstrates our dedication to quality. To guarantee that our goods are of the greatest quality, and feature consistent performance and long-term dependability, we use the most recent manufacturing techniques and technology. We rely on our team of professionals with years of experience in this field to help us execute our operations in an efficient manner. Our customer service team is always on hand to respond to inquiries, offer advice, and make sure that customers have access to the knowledge they need to make profitable decisions.
