About Us

Incepted in the year 2024, in Haryana, India, we "HITKN OVERSEAS" are the distinguished Manufacturer, Exporter and Supplier of supreme grade Laboratory Equipment, Forensic Equipment, Medical Equipment, Laboratory Autoclave, Laboratory Instrument, Surgical Instrument, etc. These products are marketed under the brand name of "HITKN". The offered products are manufactured with great precision by making use of supreme grade components with the help of modular machines and techniques in compliance with set industry norms. Moreover, these products are checked for their accuracy and durability on series of quality parameters before being supplied to our clients. We offer these products to our clients in different technical specifications as per the information laid down by our clients. Our offered products are widely used in hospitals and health care centre for medical purpose. We offer these products to our clients in safe packaging options to prevent them from physical damages while transporting. Our offered products are widely appreciated by our clients for their enormous features such as light weight, easy to use, low maintenance, sterilized, easy to dispose, safe to use, easy to install and long service life.

We have achieved reputed position in the market by offering only quality approved products to our clients. In order to enhance our production rate, we have setup a widespread infrastructure unit that is equipped with modular machines and tools. These facilities help us to maintain consistency in both product quality and production rate. Our infrastructure unit is segregated into different functional departments such as manufacturing, engineering, quality testing, packaging, warehousing, sales & marketing etc. All these units are managed by highly qualified and knowledgeable mentor.
