About Us

iPRINT is a trusted name in the field of industrial materials and packaging solutions. Established in 2019 and based in Pune, Maharashtra, we operate as a Manufacturer, Trader, and Supplier delivering reliable and durable products to businesses across multiple industries. We focus on providing high-performance materials that support packaging, insulation, maintenance, and industrial operations. With a commitment to quality and consistency, we ensure that every product supplied by us meets professional standards and practical application needs. Our objective is to support businesses with dependable products that contribute to efficiency, safety, and long-term performance. We offer a carefully selected portfolio of products designed to meet industrial and commercial requirements. Our range includes Stretch Wrapping Films (Rolls), Shrink Films (PVC & POF), Self adhesive BOPP Tapes, Customized Printed Tapes and all types of Industrial Packaging Material that are widely used in packaging, electrical work, maintenance, and manufacturing processes. These products are known for their strength, flexibility, and long-lasting performance in demanding environments. By maintaining strict quality checks and sourcing reliable materials, we ensure that our clients receive products that deliver consistent results in real-world applications.

Customer satisfaction remains a fundamental priority. We understand that businesses depend on timely delivery and dependable supplies to maintain their operations. For this reason, we focus on responsive service, transparent communication, and consistent availability of products. Our approach is built around understanding the needs of our clients and providing practical solutions that support their operational goals. By maintaining professional relationships and service reliability, we strive to become a dependable partner for organizations seeking quality industrial materials.
