About Us

Estrellas Life Sciences Private Limited was founded by Mr. Jay Dave in 2011. Committed to professionalism and perfection, our company is excelling in the area of human healthcare by researching, developing and producing first-rate health bettering medicines like Weight Loss Supplement, Antibacterial Drugs, Dry Syrup, Eye Drops, Skin Care Medicines and others. We are changing the current scenario of healthcare and pharmaceutical sector by conducting research programs for offering enriched quality ingredients. Indulged in business as a manufacturer, we are serving tablet, capsule, ointment, injection and other solutions for treating allergies, respiratory problems, dental issues, skin problems and more. Our complete array of healthcare products is developed following strict quality control measures as per industry-passed guidelines.

Knowledge, Relation and Passion, all three are the core philosophies of our company on the basis of which each policy at our company is formed. We have the best team of competent technical professionals holding extensive knowledge of healthcare products and good understanding of the ever-growing pharmaceutical industry. We are quality conscious in our approach of providing the best to customers which is also why we along with ensuring hygiene based practices during production of healthcare products, ensure their total protection by using premium packaging materials for packing. With scientifically and quality sound product array, we aim at curing mild to chronic diseases.

We, Estrellas Life Sciences Private Limited are an ISO 9001:2008 and ISO 9001:2015 certified PCD Pharma Company in Ahmedabad, Gujarat (India), serving pharmaceutical formulations such as Dry Syrup, Fish Oil Capsule, etc. These products are effective as they are prepared with solely premium quality ingredients.
