About Us

A well-regarded name in the pharmaceutical business that has been reliably meeting needs of customers since 2017, we are K. K. Pharma Solutions. We are a trader and exporter of Pharmaceutical Tablets, Pharmaceutical Injection and Pharmaceutical Capsules. Before we forayed into business, we realized there was issue with easy affordability of various medicines like Oxaliplatin IP Injection, Methimazole USP Tablet, Semaglutide Injection, Lenvatinib Capsules, etc. With the aim that no consumer has to choose between health and quality medicines, we began our trading business. In a few years, we managed decreasing the financial burden of medicine buyers by quoting the best rates on many effective drugs, injections and other

We, K. K. Pharma Solutions, use our trade expertise to deliver health benefitting products formulated by technology experts and pharmaceutical innovators to the right buyers. Working from Mumbai, Maharashtra, India, under the aegis of an exemplary mentor like Mr. Vivek Singh, we have managed making a formidable mark in the pharmaceutical trading business of India. We also supply quality tested products to customers around the world who count on our expertise to avail various medicines like Rifaximin Tablets, Novomix 30 Flexpen Biphasic Insulin Aspart, Oxaliplatin IP Injection, etc. We test all products at our state-of-the-art laboratory equipped with the latest process and analytical tools and instruments before approving consignments for delivery.
