## About Us

Our company, **Tanishk MFG. Industries**, is counted among the primary suppliers of various automobile lights in India. Being a **manufacturer**, we are bringing the most efficient and advanced lights that can potentially fulfill each set expectation of the respective customers buying & utilizing our offered range of lights. The offered product spectrum by us encompasses **Position Light (Bulbs), Round Reverse E-Rickshaw Lights, Tail Round E-Rickshaw Lights (Red), Direction Round E-Rickshaw Lights (Amber)** with DRL and many more items. Manufactured as per national quality standard, our offerings are designed & developed to fulfill the requirements of every brand and industry that require lights for their Three wheelers & E-Rickshaws.

In a short period, our organization has attained an impressive growth rate in the industry. Enormous number of clients are getting associated with our qualitative products & services every day and helping us in expanding our network base in every part of the country. With time, our company is growing to generate higher revenue every next year while decreasing the overall investment that we make over material, resources and other facilities.

The keen focus of our company is upon sustaining an irresistible growth in the sector. To consistently improve the offered quality and strive for excellence is our motto from day one. And, by pursuing the same, we aim for building a brighter future of our company with immense success and prosperity.

## Our Facilities

We acquire 3 large production units with all vital facilities that are essential for day to day production of a large amount of lights. To serve a superior quality range without making any compromise to the offered **Direction Round E-Rickshaw Lights (Amber) with DRL, Round Reverse E-Rickshaw Lights, Position Light (Bulbs), Tail Round E-Rickshaw Lights (Red)** and other items, we are having a quality controlled work environment. These facilities enable us to safely manufacture, quality inspect and pack the items for their secure shipment.
