About Us

Purepro India, founded in 2010, has grown to become a reputable Distributor, Importer, and Supplier of a diverse selection of Countertop Smart RO systems, EC106M P Economy RO, PurePro G 106R RO, 1500GPD Industrial RO Systems, PurePro K800 RO, and many more purification products. Our company entered the industry with an aim to provide high-quality water treatment systems and accessories.

We specialize in standard and custom Reverse Osmosis (RO) Water Filtration, Membranes, and Water Ionisers. Our items are imported from the United States and Taiwan, which are well-known around the world for producing high-quality water purification goods at reasonable prices. At our organization, we believe that honesty and integrity are built into all we do. We have over ten years of experience in reverse osmosis drinking water systems and have maintained our market leadership. We have achieved significant success in this highly competitive area, thanks to the innovative leadership of our CEO, Mr. Sandeep Gaur.
