About Us

V D M Agro Chemicals was born to help farmers in protecting their crops from insects and diseases, and having excellent cultivation. In pursuit of the same, we are supplying a wide range of chemicals including insecticides, plant growth activators and fertilizers. We are a renowned manufacturer of several agro chemicals such as Thirty-FS Thiamethoxam 30% FS Systemic Insecticide, Aarmy Bio Insecticide, Glydell Glyphosate 41% SL Herbicide, Vikrant Silicone Based Super Spreader, Mekwill Organic Plant Growth Regulator, Rotoz Gold Humic Atonic Auxin Seaweed, and more. With high excellence, we develop our products under completely hygienic conditions from top quality ingredients.

Our products are supplied to markets after checking the quality and being assured of their safe usage, longer shelf life, and effective results. These are simple to use by even those farmers, who do not have high qualifications and technical knowledge of the agro field work. Furthermore, we supply all of our agro chemicals to customers in sealed, and air-tight packs that prevent leakage and spillage during the transit process.
