About us :

At JAY ENGINEERING, we specialize in manufacturing high-quality machine parts with a focus on screws, barrels, and precision components. With 25 years of industry experience, we are committed to delivering reliable and durable products tailored to meet the specific needs of our clients. Our dedication to precision and quality ensures that every part we produce contributes to the success of your machinery and operations.

- Specialists in Screws, Barrels & Precision Parts
- Excellence in Every Detail, Reliability in Every Sector.
- Drawing Quality Across Automotive, Electrical & Automation.
- Trusted Experts in Precision Machine Components.

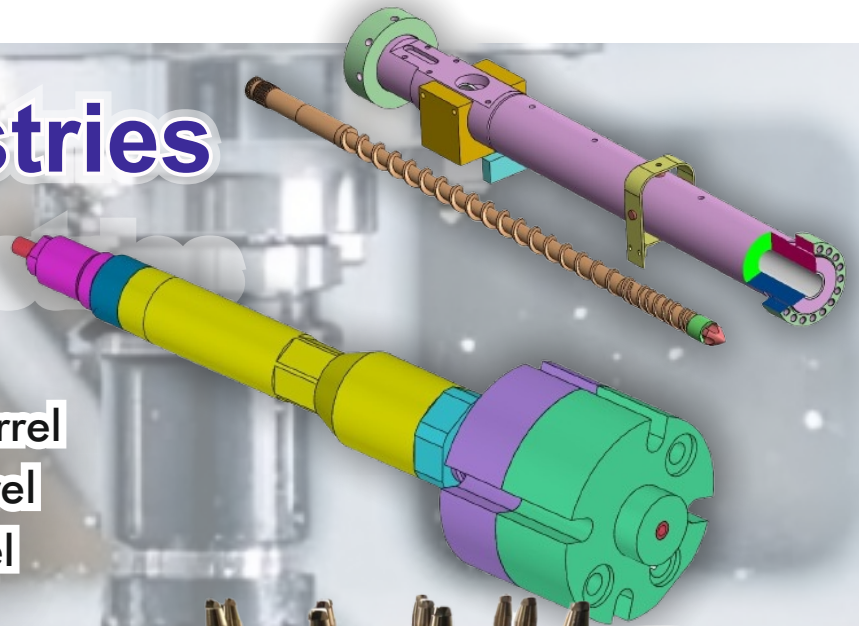

We are fully equipped with the required technology, infrastructure, and expertise to develop all these machines to the highest standards.

- ✓ VMC Machine 1500 X 700 with 4th Axis
- ✓ CNC Lethe 1200mm
- ✓ Servo Taping Machine
- ✓ Automatic Surface Grinding
- ✓ Drill Machine
- ✓ All type Welding Machine
- ✓ Conventional Milling
- ✓ Conventio Lethe
- ✓ QC Instruments
- ✓ Automatic Barrel Drilling Machine
- ✓ Screw Cutting Machine

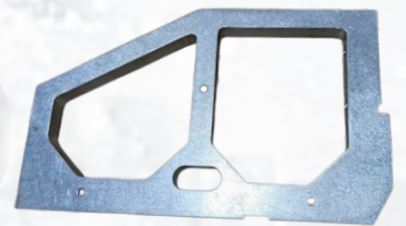

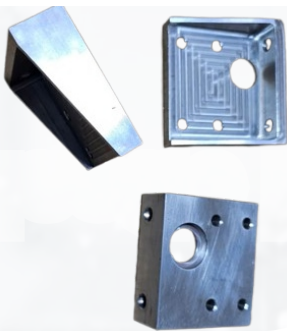

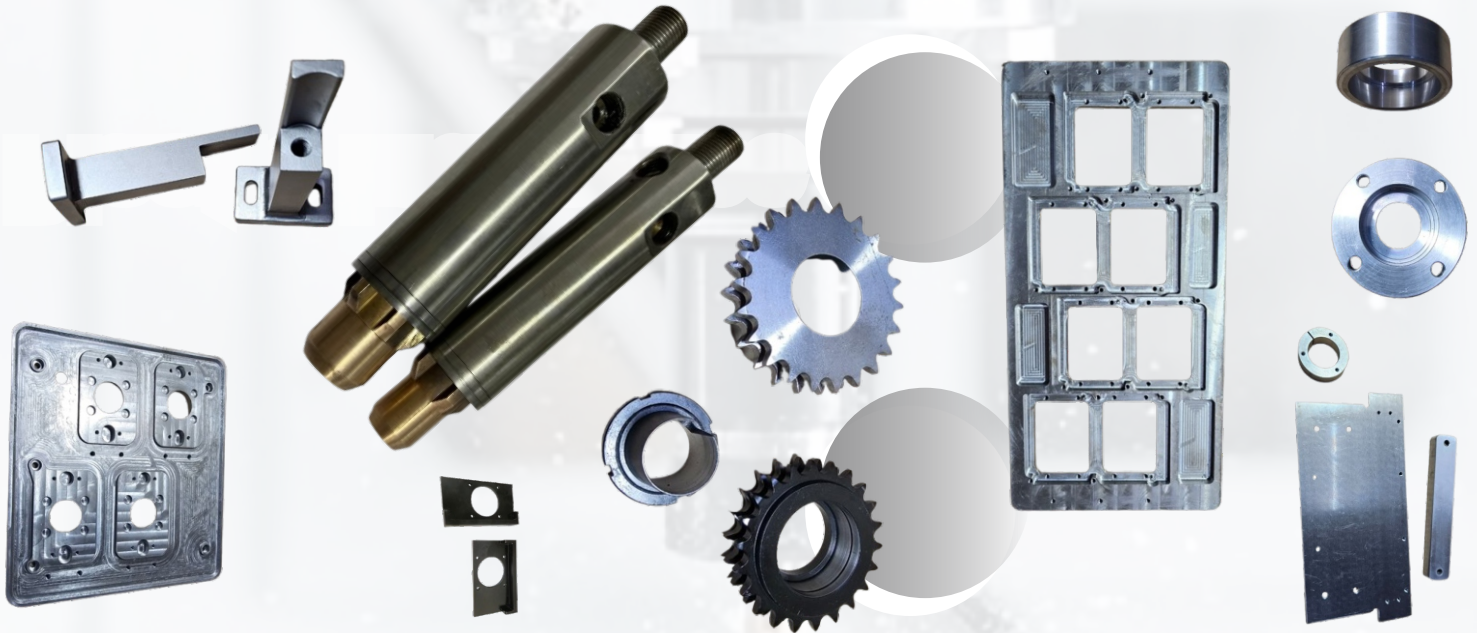

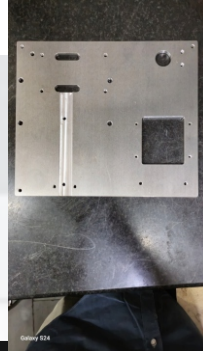

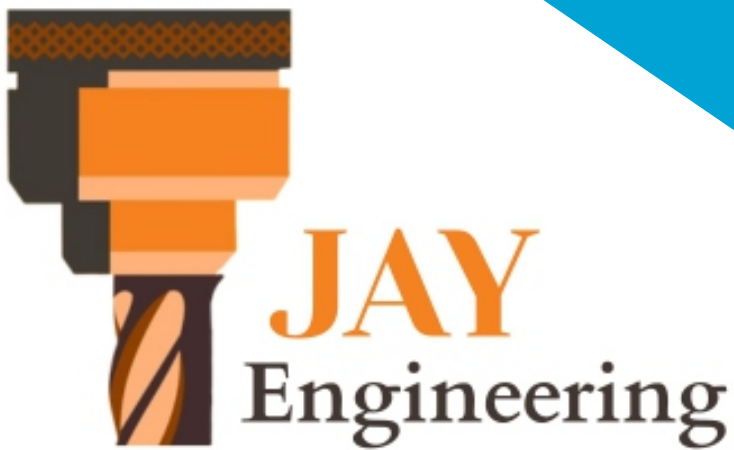

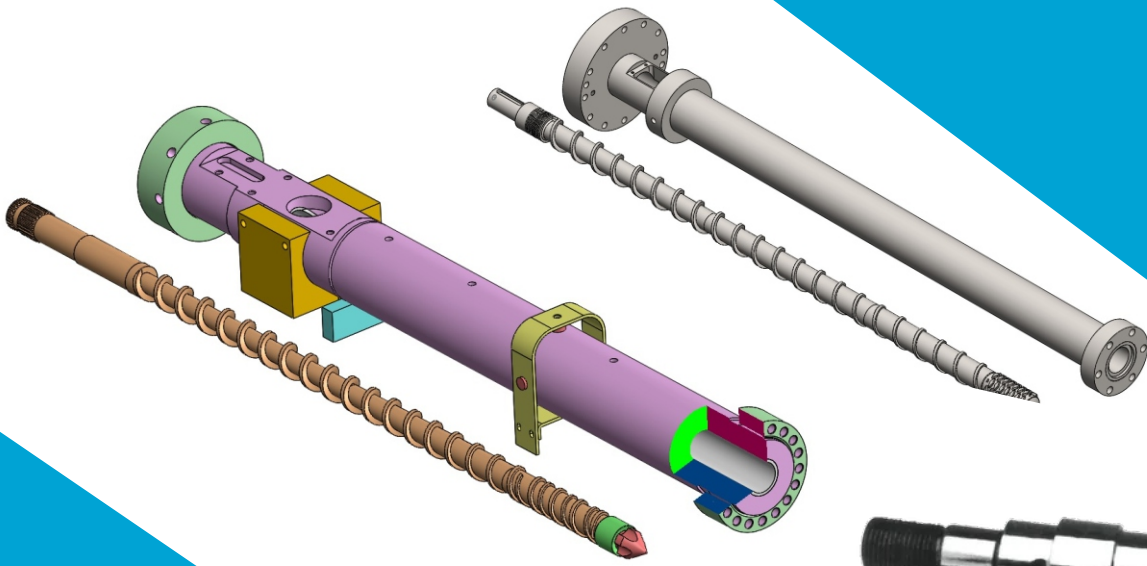

Plastic Industries

- ➔ Water Cooling Blowpin
- ➔ Barrier Screw
- ➔ Groove Feed Bush
- ➔ Rubber Extruder Screw Barrel
- ➔ Food Extrusion Screw Barrel
- ➔ Blow Molding Screw Barrel
- ➔ CPVC Screw Barrel
- ➔ Extruder Screw Barrel
- ➔ Injection moldings Screw Barrel
- ➔ Plastic Recycle Screw Barrel
- ➔ Ring Plunger Set / Torpedo
- ➔ RPVC Screw Barrel
- ➔ Bimetallic Screw Barrel

As per Drawing as per sample as per Requirement
Manufacturing Precision parts all Type Industries
