## About Us

Founded in 2017, Zony Transmission Systems Pvt. Ltd. is a trusted Manufacturer, Supplier, and Service Provider based in Pune, Maharashtra, specializing in high quality power transmission products and services. Our product range includes the ZTG Double Step Worm Reduction Gearbox, Shaft Mounted Speed Reducer, Helical Gearbox Repair Service, Mechanical Speed Variator, and various other advanced solutions designed to meet the demands of modern industries. We have established strong associations with well equipped overseas manufacturers, integrating the latest technological assets, world class machinery, specialized process facilities, and a skilled professional workforce. With rigorous quality checks in place, we ensure every product meets international performance standards. Our expansion plans are focused on strengthening our network to deliver products and services swiftly and reliably to all customers.

We provide comprehensive gearbox solutions and genuine spares, with services including inhouse repairs, onsite servicing, condition monitoring and health check ups for gearboxes, failure analysis with expert recommendations, and spare part management. Our wide area infrastructure is equipped with upgraded, modern machinery, enabling us to handle large scale production with precision. Backed by a team of dedicated professionals, we work in close coordination with our clients to understand and fulfill their specific requirements. Our commitment to continuous product improvement, exceptional quality, and unmatched service availability has helped us maintain a competitive edge in the transmission industry.
