About Us

Products like Gynaec Examination Table, Single Drawer Examination Table, Electric Examination Table, Emergency Crash Cart Trolley, Stainless Steel Instrument Trolley, Electric Dialysis Chair, etc., are used in hospitals and clinics. They need to be well-made and of good quality in order to provide comfort to customers. To cater to the growing requirements for such products, our company, ESSCO, was founded. We are among the most trusted and leading manufacturers and suppliers of such products. Our products are known in the industry for their high quality, durability, and comfort. Our product range caters to the needs of a wide audience, and our strong logistical and delivery network system helps us deliver these products on time. All our products are made from high-quality raw materials, which go through various quality assurance tests before they are used in the manufacturing of our products. We deal in hospital products and understand the responsibility that rests on our shoulders. Hence, our products are made keeping the same in mind.

Established in 2018, in Chennai, Tamil Nadu, ESSCO has been one of the leading manufacturers and suppliers of quality products. Our product range includes items like Mild Steel Foam Examination Couch, Mild Steel Patient Stretcher Trolley, Rectangular Patient Stretcher Trolley, Stainless Steel Veterinary Table, Hospital Waiting Chair, and more. All our products are designed keeping in mind the comfort and requirements of our customers. Our customers can easily reach us through various modes of communication such as social media, emails, phone calls, etc. Our customer support team is available at your service at all times, to solve any queries or grievances that you may have. Moreover, our carefully drafted marketing policies have helped us gain many new customers over the years. These policies are constantly upgraded and modified according to the latest market trends and developments.
