

**ELECTRIC VOLTAGE REGULATOR
AUTOMATIC VOLTAGE STABILIZER**

5000 KVA Automatic LT Servo Industrial Voltage Stabilizers, 75, kva, 500, to, 1000 Three Phase High Tension Servo Stabilizer, APFC Panel, AVR Electric Voltage Regulator, Anodizing Rectifiers, Automatic Servo Voltage Stabilizers, Automatic Voltage Controller, Automatic Voltage Regulator, Automatic Voltage Stabilizer, Current Balancing Transformers, DC Rectifier, etc.

HT VOLTAGE STABILIZER

AUTOMATIC SERVO VOLTAGE STABILIZERS

LINEAR VOLTAGE REGULATOR

About Us

We, Mangal Engineers & Consultants, are a professionally managed organization, specializing in manufacturing innovative electrical products such as Automatic Voltage Controllers & Voltage Stabilizers. As a quality focused Voltage Controllers Manufacturer, Supplier and Exporter, we have been providing world-class products and services that meet the perfect needs of clients' projects. Our complete range includes Voltage Regulator, Voltage Controller, Servo Voltage Stabilizers, Electrical Transformers, DC Rectifiers, Electrical Panels and Electrical Supplies.

With our sound manufacturing capabilities and efficient team, we are able to present the best possible engineering work in the field. For an example, our Automatic Voltage Stabilizer has the advantage of optimum efficiency, compact design and complete specification. It offers dependable performance, trouble-free working and total protection for overload and short circuit. For this reason, our range of Voltage Stabilizers is widely used for commercial as well as residential electricity applications, air conditioners, power devices, etc. We are a customer-centric organization, and therefore all our business procedures are executed keeping maximum client satisfaction in mind. To accomplish the same, we keep up with the highest standards of quality, and offer our products like Servo Voltage Stabilizer and Electrical Panels etc. at very affordable prices. In addition, we provide proper after sales support to our clients and meet their needs in a time-bound manner. Latest technology, innovative methods and cost-effectiveness are a few of the core aspects of our manufacturing work.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	automatic voltage regulator,automatic voltage controllers,automatic voltage stabilizer,industrial stabilizers,voltage regulators,anodizing rectifier,plating rectifiers,rectifier transformer,power rectifier,electroplating rectifiers
No of Staff	20
Year of Establishment	2005
OEM Service Provided	No
Memberships	EEPC, LMA, CICU,
ProductRange	automatic voltage regulator,automatic voltage controllers,automatic voltage stabilizer,industrial stabilizers,voltage regulators,anodizing rectifier,plating rectifiers,rectifier transformer,power rectifier,electroplating rectifiers

Our Products

Vertical Rolling Contact Voltage Regulator

Three Phase Electric Voltage Regulator

Three Phase Voltage Stabilizers

Industrial Air Cooled Voltage Stabilizers

HT Electric Voltage Regulator

AVR Electric Voltage Regulator

HT Automatic Voltage Regulator

Servo Stabilizer

Automatic Voltage Stabilizer

Residential Commercial Stabilizer

Oil Cooled Controlled Voltage Stabilizer

Variable HT Automatic Voltage Regulator

Static Voltage Stabilizer

MEC HT Automatic Voltage Regulator

Industrial Automatic Voltage Stabilizer

Three Phase Automatic Voltage Regulator

ADDRESS

**B - XXX 2185/A/83/2, Sua Road,
Backside Raja Filling Station, Vill.
Gobindgarh, PO Jugiana,
Ludhiana, Punjab, India (141017).**
