

Flake & Grain Sample Analysis Report

Four-Angle Multi-Perspective Visual Capture (Flaked Cereal / Bran Matrix)

VISUAL DOCUMENTATION

The quad-angle grid below presents multi-perspective views of the flaked grain sample, highlighting flake size distribution, surface texture, pile depth, and loose scatter consistency.

PHYSICAL SPECIFICATIONS & PARAMETERS

Capture Layout	Quad-Angle Composite Grid (2×2 Matrix)
Resolution Format	1000 × 1000 pixels standard frame
Material Type	Flaked grain / cereal bran composite matrix
Inspection Metrics	Flake integrity, fragmentation level, and surface homogeneity
