About Us

Founded in 2013, Asma Industrial Corporation is a respected brand in industrial instrumentation, dedicated to providing best-of-breed products and solutions to industries in India. We proudly stand as one of the nation's first industrial E-stores, providing a harmonious blend of online and offline shopping experiences through our webstore and bricks-and-mortar stores based in Kolkata and Secunderabad.

Our diverse and expanding catalogue boasts more than 500 SKUs, including top-quality products from prominent global brands. We are a manufacturer, supplier, and trader of high-performance process control instruments like Electronic Turbine Flow Meter, Kranti Belanto Water Flow Meter, KRANTI Woltman Type Hot Water Flow Meter, Mechanical Pressure Switch, and ASCORP Pressure Transmitter Sensor, among numerous others. Every product is chosen for its reliability, accuracy, and durability to ensure it accommodates the stringent requirements of many industrial applications.
