## **GLASS PROCESSING FOR HOME APPLIANCE**

Glass is in fashion for household appliances and a versatile material that is both heat-resistant and easy to clean. We develop customer-specific solutions and manufacture glass components from small quantities to large series. Whether it is operating elements, covers or fronts, printed strip conductors, satin finish, optical bonding or translucent printing for a disappearing effect: Our glass solutions combine reliable functionality with sophisticated design – and fit seamlessly into the respective product design.

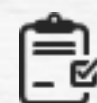

# ABOUT US

## **1. We Currently Convert**

- Toughened Glass for Home Appliance
- Corrugated Box: 40,000 tons of kraft paper per annum
- Group Turnover: 350 Cr+

## **2. Our Other Ventures**

- Star Paper and Board Paper Mill-Tezpur, Assam
- Sunshine Fiber Industries-Paper Mill- Tezpur, Assam
- RSR Packaging-Corrugated Box-Hyderabad

## **3. Who We Are**

- One of the newest and finest toughened glass manufacturer
- We are one of the India's leading and among the top Corrugated Box manufacturer in India.
- One Lakhs SQ Feet area
- Own Transport with packed containers
- Own Two Paper Mill
- More than 30 years of industry experience.

# Milestones Achieved

**2003**

**Reliable packaging was founded as a startup with manual setup. .**

**2006**

**Started manufacturing kraft paper in assam. First paper mill in north east seven states.**

**2010**

**Started fully automatic corrugation plant with 1000 tons manufacturing Capacity in Noida**

**2012**

**Established second paper mill producing light GSM kraft paper.**

**2017**

**India's biggest deckle plant 2500mm started with capacity of 4000 mt ton in Greater Noida.**

**2018**

**Started fully automatic corrugation plant with 1000 tons manufacturing Capacity in Tezpur assam.**

**2019**

**Started fully automatic corrugation plant with up to 1500 tons manufacturing Capacity in Hyderabad.**

**2020**

**Established dedicated RND facility in greater Noida unit & won cost innovation award from Samsung**

**2021**

**Targeting being carbon footprints by year 2025 we installed solar panel system at our Greater Noida unit.**

**2022**

**Installation of new Topra GD 1632 at our Greater Noida unit.**

**2024**

**New plant for GLASS PROCESSING FOR HOME APPLIANCE**
