About Us

At M S Metal, we are proud to say that we are a reputable manufacturer, trader, in the market for kitchen and food processing machinery. This is based on strong industry values and experience we have. M S Metal has earned its position of providing durable, high performing machines for daily use in food practices and household usage. We manufacture Vertical Flourmills, Mixer Grinders (Square model), Garlic Peeler Machines, along with Sugarcane Machines. Just about all technologies are highly valued by our customers. Our journey started with a simple idea- to make food preparation and processing faster, cleaner, and more efficient. Over the years, we have expanded our product line and grown into a reliable name in the machinery market, always keeping customer satisfaction at the core of everything we do.

M S Metal is a business entity from Rajkot, Gujarat, India, offering several products such as Vertical Flourmill, Vegetable Cutting Machines, Garlic Peeler Machines, Mixer Grinder Square, Air Lock Pulverizer, Sugarcane Machine, etc.
