About Us

Since our establishment in 2015, Cerulean Enviro Tech Pvt. Ltd. has grown to become one of the top producers and suppliers of a wide variety of high-quality products like Stainless Steel RO Plant, Water Softening Plant, Demineralization Plant, Drinking Water Plant, etc. Our skilled workers make use of cutting-edge equipment and creative methods. Due to their high flexibility, trouble-free execution, cost effectiveness, and prompt execution, our clients highly value and require the services we have to offer. Additionally, we offer top-notch goods that can be modified in a variety of ways to meet the needs of our customers. Our entire product line is in high demand on the market because of its superior durability, flawless finish, and extended functional life.

Our modular facility is professionally run by diligent and astute managers who are well-versed and trained in this field. We are able to offer a quality-approved range of products and services that are in line with the rising needs and wants of our esteemed customers thanks to their committed and honest efforts. Additionally, thanks to our productive team, we are able to provide this range in modified alternatives. We are able to amass a sizable network of contented customers across the country because we offer a quality-assured selection of items, uphold moral company practices, and adopt customer-oriented strategies. We have been successful in gaining the confidence and trust of our esteemed patrons thanks to the guidance of our mentor, Mr. Ajay Mokashi.
