GORAKHmundi AQUEOUS EXTRACT

TRIPHALA EXTRACT

HERBAL AMLA AQUEOUS EXTRACT

About Us

NJP Healthcare came in existence with a new concept of vertical integration of herbal cultivation, processing and making of classic extracts for Ayurvedic medicine and Herbal Morinda Citrifolia. We have combined ancient Ayurvedic principles and modern technology to produce water based herbal extracts. This form of extract has increased efficiency which brings definite results in the human body. Being a manufacturer and wholesaler, we are bringing the purest range of Avipattikar Extracts, Amala Extracts, Sitopaladi Extracts, Trikatu Extracts, Rasayan Extracts and many more items.

NJP Healthcare specializes in the manufacturing and supplying of water based herbal extracts in dry and soft form. We make water based extracts mainly to extract the natural properties of plants we use in its purest form. Thus, we can guarantee the purity of our products within a set range. The vision of late Dr. K. M. Parikh, who was the founder of American Academy of Ayurvedic Medicine and Herbal Morinda Citrifolia, and his son, Mr. Jinesh Parikh, strives to ensure that the purity levels of our extracts remain high. NJP Healthcare supplies extracts to various industries such as the food, health and beauty, and herbal and nutraceutical. With our transparent business dealings, we provide prompt and punctual delivery of our products all over India. All of our extracts are GMP and ISO certified so future clients can be rest assured.
