## About Us

Labsoul India was established in the year 2006 to manufacture and develop finest range of Laboratory products for hospitals and other healthcare sectors. We are working as a profound manufacturer, exporter and supplier dealing in comprehensive range of Laboratory Equipment, Laboratory Glassware, Tablet Making Machine, Heating Mantle, Bottle Filling Machine. The offered products are fabricated in compliance with international quality standards. They are acknowledged all over the market for their attributes like smooth edges, abrasion resistance and excellent workability. The patron can avail the range in variegated standard and customize options meeting to the exact need of the market.

We have our own in-house manufacturing unit that is equipped with all required amenities in order to operate the processes like manufacturing, dispatching and warehousing with proficiency. We are able to design the aforementioned products and meet customer urgent demand on time. Further, our motto is to satisfy the customers and hence, determine the need of the patron to develop the range. Furthermore, we keep our semi-finished and finished range in spacious warehouse which is handled by proficient team of storekeepers. Above all, the experienced C&F agents deliver the ordered range to its desired destination in stipulated period of time. Owing to our untiring efforts and constant dedication towards quality, we have achieved a reliable status in the market.

We are a renowned manufacturer, exporter and supplier of finest range of Laboratory Equipment, Laboratory Glassware, Lab Shakers, Tablet Making Machine, Heating Mantle, Bottle Filling Machine. These products fulfill the needs of the customers with proficiency. It is fabricated with high grade of raw material, which is procured from reliable sources. The range is installed in various hospital, medical sectors and institutes. It is acclaimed for its vital features such as accuracy in installation, corrosion resistant, easy to maintain, elegant design, high durability, high tensile strength and longer life.

**Key Facts**

<b>Nature of Business</b>	Manufacturer
<b>No of Staff</b>	25
<b>Year of Establishment</b>	2006
<b>OEM Service Provided</b>	No
<b>Memberships</b>	ASIMA,MSME

**Our Products**

**Actophotometer (Activity Cage)**

**Bottle Filling Machine (Manual / Electrical)**

**Laboratory Workbench**

**Serological Water Bath**

**Anaerobic Culture Jar**

**Vaccum Filter Holders**

**Laboratory Jacks**

**Wrist Action Type Flask Shaker**

**Orbital Shaker (Heavy Duty)**

**Tissue Homogenizers**

**Abbe Refractometer**

**Butyro Refractometer**

**Polari Meter**

**Sieve Shaker**

**Ball Mill (Pharmacy Lab)**

**Mansanto Tablet Hardness Tester**
