About Us

Eddymelt welcomes you to its digital shop, we are a renowned name in the manufacturing of varied heating and melting equipments. The expansion of industrial sector round the world has enhanced the demand of several equipment and machines, by using which production can be increased at low cost. We are well known manufacturer, supplier and exporter of an advanced range of Furnaces, Induction Products, Induction Heating Equipment, Induction Melting Furnace, Induction Hardening Equipment, Induction Brazing Equipment, Medium Frequency Power Supply and Melting Crucibles. All the furnaces, equipment and induction products are developed by us in multiple models, sizes and specifications to meet a large number of market demands.

We, Eddymelt are a prominent manufacturer, supplier and exporter of Brass Induction Melting Furnace, Drop Bottom Furnace, Induction Strip Heater, Induction Murmura Making Machine, Steel Frame Melting Crucibles, Induction Hardening Equipment etc. Employing cutting edge technology, these are developed by our personnel in tandem with the national norms. Our heaters and machines are extensively appreciated in the market due to their low power consumption, excellent performance and low maintenance cost. Apart from such an impressive product-line, factors such as emphasize on R&D activities, consistent growth rate and customer based approaches have enabled us to muster a huge clientele.

Key Facts

No of Staff	9
Year of Establishment	2005
OEM Service Provided	Yes

Our Products

Induction Hardening Equipment

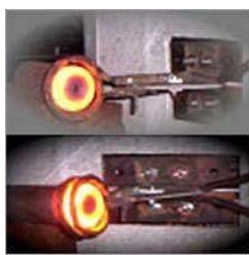

Indexing Tables

Induction Heating Equipment

Steel Frame Melting Crucibles

Induction Hardening Equipment

Melting Crucibles

Medium Frequency Power Supply

Rotary Indexing Table

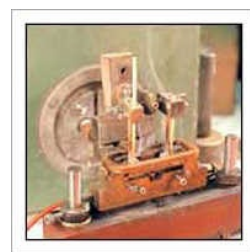

Aluminum Frame Melting Crucibles

Medium Frequency Power Supply

Induction Melting Furnace

Induction Brazing Equipment
