About Us

Quick Flameprotect Technologies Private Limited is a prestigious company, which works to save lives, property and reputation of customer from high-risk fire areas. We work hard with a focus on providing quality products that help in fighting with fire even in the micro-environments. As a manufacturer and exporter, we have maintained an impressive portfolio that comprises Modular Type Fire Extinguisher, Indirect Low Pressure Valve with Solenoid, Line Plug, Release Switch, T Connector, Control Panel, Low Pressure Valve, Line Adaptor, Pneumatic Valve, DLP Valve, Tube Connector, etc.

At Quick Flameprotect Technologies, quality is deeply ingrained in everything we do. Our fire protection products are designed and manufactured with respect to the highest industry standards, ensuring performance in critical situations. We have stringently controlled all stages of production—from source material purchasing to final testing. Every product, whether a reliable, tough, and efficient product or not, is tested strictly, so our customers receive only the most dependable fire safety solution.

Key Facts

No of Staff	12
Year of Establishment	2022
OEM Service Provided	No

Our Products

Brass ILP Valve

End Of Line Plug

5kg Fire Suppression System

Industrial Fire Suppression System

Electrical Fire Suppression System

6kg MS Fire Suppression System

7kg Mild Steel Fire Suppression System

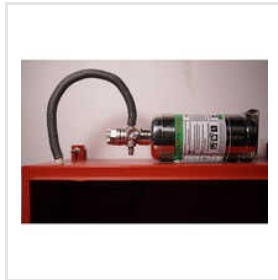

Mild Steel Fire Suppression System

Push In T Connector

Manual Release Switch

Stainless Steel Fire Suppression System

25kg Fire Suppression System

High Grade Heat Sensing Tube

Red Heat Sensing Tube

Industrial Heat Sensing Tube

Indirect Low Pressure Valve With Solenoid
