

SMART SERVO PLC FOR CUT TO LENGTH APPLICATION

A promise to offer products with higher quality standards.

MANUFACTURER, EXPORTER & SUPPLIER

2 Axis CNC Controller, AC Servo Motors, Acpl DC Drive For Winders, Acpl Economy Box DC Drive, Acpl Economy Modular DC Drives, Acpl Eddy Current Drive, Acpl Standard 2 Phase DC Drives, Acpl Torque Drive With Digital Volt And Ammeter, Adtech CNC 9620 Controller, Adtech CNC Controller, Adtech CNC Controller For Bangle Engraving Machine, Adtech CNC Controller For Engraving Machine, Adtech CNC Controller For Key Machine, Adtech CNC Controller For Lathe Machine, Adtech CNC Controller For Milling Machine, etc.

ADTECH CNC CONTROLLER FOR KEY MACHINE

2 AXIS CNC CONTROLLER

ADTECH CNC CONTROLLER

About Us

ACPL is a 28 years young company passionately engaged in machine automation. ACPL is the first company to introduce servo systems in bag making machines in India. The indigenously developed SMART SERVO is a high-end, powerful controller with advanced features for this application. The company has installed 10000+ Smart Servo Systems in India and abroad. Smart servo System has been a favourite retrofit for many legacy machine owners.

Highly motivated with MAKE IN INDIA and VOCAL FOR LOCAL challenges, the company has introduced many new applications in last decade which includes web guide systems, auto tension controller, manual tension controller, digital torque drive, torque motor, online flexo printing machines, static charge eliminators, corona treaters, air bubble controllers and few others. In-time fastest delivery and high-quality testing are two main features of company USP. Having ready stock of mostly all systems, ACPL guarantees the delivery within India and Outside India with minimum stipulated transportation time only. Inhouse 360-degree testing system guarantees a life-long hassle-free experience for the customer. The ACPL is being loved by the clientele for its fit it forget it worry-free installation policy. In addition to a detailed user guide, the customer-service department provides a one-call query solution. ACPL believes in Customer is King and Customer Service is God. A long happy clientele with high retention rate shows that once a customer approaches ACPL, joins hands for long term association because of world class quality, reasonably low cost, fast delivery, prompt customer service and above all value for money.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	pneumatic brakes,magnetic powder brakes,cnc controller for key,cnc controller plasma cutting,cnc controller engraving,cnc controller drilling,cnc controller milling ,cnc controller lathe,dc drive,eddy current drive
No of Staff	20
Year of Establishment	1994
OEM Service Provided	No
ProductRange	pneumatic brakes,magnetic powder brakes,cnc controller for key,cnc controller plasma cutting,cnc controller engraving,cnc controller drilling,cnc controller milling ,cnc controller lathe,dc drive,eddy current drive

Our Products

Siemens Sinamics V90 Servo Drive

Sinamics V90 Servo Drive

Adtech CNC Controller For Milling Machine

Adtech CNC Controller For Lathe Machine

Adtech CNC Controller For Pcb Drilling

CNC Controller For Plasma Cutting

Plasma Cutting CNC Controller

CNC Oxy Fuel Controller

Invt Servo Drive Da 200

Adtech CNC Controller For Bangle Engraving

CNC Controller For Milling Machine

Adtech CNC Controller For Pipe Cutting

Adtech CNC Punching Controller

Adtech CNC 9620 Controller

HC4500 Adtech CNC Plasma Controller

HC6500 CNC Adtech Plasma Controller

ADDRESS

7, Krishna Estate, Plot No. 3606,
Phase- IV, GIDC, Vatva,
Ahmedabad, Gujarat, India
(382445).
