About Us

We, Jeevan Chemicals & Pharmaceuticals, are a major company responsible for manufacturing & marketing Protein Hydrolysate, Glycine Salt, Yeast Extract, and Feed Supplement etc. Our company has made footprints in India, and in Overseas. With profound industrial knowledge & vast experience, we provide all-inclusive solutions to our customers. We work in various segments including Agriculture, Animal Farming, Food Supplements, Pharmaceuticals, and more. Our objective is to ensure sustainable development in the segments. Working with innovative technology, we improve life by offering effective, safe & economical solutions. We meet the environmental and health challenges effectively.

Our goal has been to offer desired quality products. They are formulated under controlled conditions to achieve coveted results. Our protein hydrolysate has applications in sports medicines, and other allied products. It offers enhanced nutrient delivery to muscle tissues. With certain functional properties, Protein hydrolysates are the source of protein for humans and animals. We keep up with various essential factors, such as purity, good shelf life, hygiene level, effectiveness and safe packaging.

Key Facts

Year of Establishment	1996
OEM Service Provided	No

Our Products

Gelatin Peptone

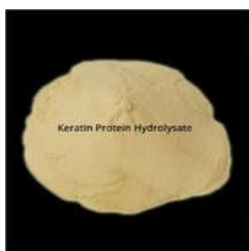

Bifidobacterium

Betaine Anhydrous

Ferrous Ascorbate

Keratin Protein Hydrolysate

Cerebroprotein Hydrolysate

Casein Acid Hydrolysate

LIVER EXTRACT POWDER

Liver Extract Powder

TRYPTONE POWDER

Tryptone Powder

Meat Extract Powder

Active Dry Yeast

Brewers Yeast Powder

Sodium Ascorbate

Brain Heart Infusion Powder

Potassium Citrate

Glycine Powder
