About Us

At Star Exim Craft, we have always aimed to present the highest quality products in the market. Since we began operating as a company in the year 2017, we have been successful in fulfilling our objectives and building a solid global reputation as a manufacturer, supplier, trader and exporter of a unique variety of products. Our unique range includes products like leather wallets, belts, sling bags, waist bags, travel accessories also comprises home decor and home furnishing range and many more like horn products. We ensure that only the best raw materials are used to manufacture each batch. We also make sure that all our unique products are far more affordable than those of our competitors.

Being a production-based company, we, Star Exim Craft, have always made sure that all of the products we offer our clients are of the finest quality. We have connections with some of the most trustworthy vendors, from whom we get the best raw materials. Using the best materials, we are able to process a premium product line, which includes leather goods and accessories, home decor, home furnishing, horn products and many more. In order to perfectly manufacture our products, high-end machinery and equipment are placed in our facility, which is situated in the city of Delhi, India. Moreover, from our facility, we punctually deliver our products to customers.
