About Us

Agro products purity, taste, shelf life and nutritional value matters the most to consumers. Knowing the same, we, at **AVK Enterprises**, are bringing forth pure, high nutritional value and excellent taste of agro products such as **Spice Powder, Indian Curry Powder, Chili & Chili Powder, Crop Maize, Soybean Seeds, Wheat & Wheat Flour, Rice, All Types of Pulses like I.G. Moong Dal, Pigeon Pea, Masoor Dal, Spices Masala Packets, Large Quantity of Masala Items and Tea & Coffee Powder**. To grow splendidly in the agro food industry, we are associating with reputed and respected producers. Further, we are procuring agro food products in a bulk quantity. Keeping them safe in our storage house, we are satisfying our customers immediate and large order demands.

Dealing in diverse products, we are meeting different buyers needs under shed. We have a special packaging team to pack products as per customers requirements. Food grade packaging materials of great strength and quality retaining ability are used by our experts. Since, we focus on serving fresh agro food products, our experts before packaging process inspects the range. Loading of food products in containers is done very carefully so that ordered products reaches to clients in the best manner.

Our company is regarded as unique because we serve as not only **trader and supplier** of agro products but also as **service provider** and render **Water & Waste Water Treatment Plant Erection and Commissioning Treatment Plants, Operation and Maintenance Services and CCTV Camera Connection and Repairing Services**. This service is rendered on and off site by our talented engineers, having great industrial and equipment knowledge. Reasonable prices are charged for both agro products and services and customers are given value for money solutions.

Our Vendor Base

We have a quality-conscious vendor base to support and grow our sales of agro food products. Our vendor base follows food safety standards, continually upgrades systems and services and ensures hygiene while producing products. As a sourcing company, we feel proud to have the best partners with us to meet end buyers needs for highly nutritious food products.
