## Introduction Letter

**Nectar** is a Engineering company in the field of **Instrumentation**, Automation, providing customized solutions, Consultancy & executing projects in the Engineering field of various Industrial sectors – Automobile, Pharma, Oil, Chemical, Beverages, Sugar, Steel, Medical etc.

**97% of the water on the Earth is salt water and only 3% is fresh water**

**Nectar** believes in the importance of conserving energy for better tomorrow. If we all take a few simple steps to reduce our wastage, energy consumption, we can go a long way in securing our futures. We can save wastage of Water & Electricity the main power sources.

We offer one of the industry's broadest lines of sensors, switches and transmitters to measure and control Flow, Level, Pressure & Temperature. **Nectar** instruments include:

S.No.	Instrumets
1	Flow
2	Level
3	Pressure
4	Customised

**Nectar** is introduced registered in 2018 with the Aim '**TRANSFORMING INDIAN MANUFACTURING**' to become engines of manufacturing growth, create products which are really Indian and go on to become global icons, building the **India's Nation's Brand Identity**.

**Nectar Engineers**, are applauding "**ATMA NIRBHARA BHARAT**" and "**SWADESHI**" OR **Make in India** products.

### **Our team presently of Engineers, Marketing & Sales**

Company once developed, marketing strategyworking on "**Seven P Formula**" you should use to continually evaluate and reevaluate your business activities. These seven are: product, price, promotion, place, packaging, positioning and people.

### **Philosophy: State of the Art Technology, Quality and best Consultancy**

Moreover, our service team is at your side even after the purchase, making sure to sustainably operate your measurement without any problems. Whether it be commissioning, maintenance or repair after many years or even decades of use, we are ready to get your measuring operation to continue smoothly.

Communiqué tomorrow need to unlearn past successes and acquire new methods continuously. We must develop new way of '**breakthrough thinking**,' to create and add new value, to discover the needs of the customer, and to fulfill those needs – we put the focus on you and your requirements.

### **Our Quality Assurance**

Our products confirm to international standard that ensures reliability, better efficiency, flawless performance and durability. Our Principals and so as we constantly follow a strict quality policy to sustain our commitment to maintain superior quality.

Please send unsolicited applications including your detailed information and complete application documents / enquiries too.

Regards,

(Marketing Division)

*Come Make in India*  
Where are we now and where do we head to?

## List of Product Range

### A) Flow Instruments – For Water & Diesel Applications

#### i) Digital Flow Meter – Displaying Flow Rate + Totaliser

Series	Product	Type	Applications
NFM 1	Electromagnetic Flow Meter	Integral, Two Part	Conductive Liquids Water Treatment Plants Dirty Water
NFM 2	Turbine Flow Meter	Integral, Two Part	Water Non conductive Liquids – DM Water Oil
NFM 3	Ultrasonic Flow Meter	Two Part Clamp On - Portable – Hand Held Clamp On - Wall Mounted Insertion	Water
NFM 4	Oval Gear Flow Meter	Integral, Two Part	Diesel

#### ii) Mechanical Flow Meter - Totaliser

Series	Product	Type	Applications
NFM 5	Magnetic Driven Dry Dial	Integral	Water
NFM 4	Rotary Digit – Disc Type	Integral	Diesel

### B) Fuel Dispensing Unit

Series	Product	Type	Applications
NFM 6	Diesel Dispensing Unit	AC – 220 V DC – 12 V DC	Diesel Movable trucks / tankers Stationary

### C) Level Instruments – Sensor, Switch, Transmitter

Series	Product	Type	Applications
NLI 1	Level Transmitter	Insertion Submersible Hydrostatic	Water
NLI 2		Displacement Level Transmitter	Liquid Level Interface (Two different specific Gravity Liquids)
NLI 3	Level Sensor	Magnetic Float Top Mounted	Water
NLI 4	Level Switch	Side Mounted Magnetic	Diesel Oil Chemicals Non Sticky

### D) Pressure Transmitter

Series	Product	Type	Applications
NPT	Pressure Transmitter	Insertion	Water Air
