About Us

Established in the year 1991 in Pune, Maharashtra, India, Safepack Industries Limited is a reputed and trusted Private Limited company engaged in the manufacturer and supplier of a wide range of innovative and high-performance packaging solutions. With over three decades of industry expertise, we have emerged as a leading name in the field of Poly Coated Non Woven Fabrics, Crepe Paper, Corrosion Inhibitors, Pet Met Laminate Pouch, etc.

Our commitment to quality, innovation, and customer satisfaction has positioned us as a preferred choice for clients across domestic and international markets. All our products are developed using state-of-the-art technology and are subjected to rigorous quality checks to ensure superior performance, durability, and cost-effectiveness. We take pride in offering packaging solutions that not only protect goods during storage and transit but also enhance their shelf life and presentation. Driven by a skilled team of professionals and a strong R&D foundation, Safepack Industries Limited continues to evolve with changing market demands. Our focus remains on delivering premium-quality products at competitive prices, backed by responsive service and long-term customer partnerships.
