## About Us

Any hospital, nursing home, clinic or a similar facility require good quality Bed Bath Wipes, Diagnostic Equipment, Dispensing Needles, Hospital Furniture, Hospital Uniform, etc. Supporting such facilities in extending quality care at low cost is Murugan Surgicals. We are a Chennai based manufacturer, trader and supplier that offers a range of products that makes carrying out therapeutic or surgical procedures easy and efficient. With our consistent manufacturing workflow, we forward some of the best designs in uniforms, equipment and furniture that cannot be easily matched by any of our competitors. We follow stringent production, testing and sterilization regimens so that whatever rolls out of our production floor ranks high in quality and delivers the expected performance at all cost.

At Murugan Surgicals, we have a purpose-built production factory at Chennai, Tamil Nadu, where we regularly produce, service and update our range of Pulse Oximeter, Patient Wheelchairs, Medical Equipment, Infrared Thermometer, etc. High-end technology resources have been installed at our factory in congruence with global manufacturing standards and provide us with the flexibility of producing large volumes of products without any lapses or delays. We also partner with some of the trusted medical technology brands to source a few of our products at competitive rates.
