## About Us

Established in the year 2015, Calyx Biotech is a trustworthy exporter, wholesaler and trader of an extensive range of products. From Antiseptic Solution, Feminine Wash, Nutrition Support Capsules, Human Albumin Solution Injection, Sanitary Pad to various others, we have got everything with us that our customers from the pharmaceutical industry might require. All the products we deal in are carefully manufactured by our vendors at their modern infrastructural facility, using the technologically advanced tools. Moreover, it is because of our vendors that we are able to deliver the asked orders on time with utmost safety. As an ethical business enterprise, we try to maintain utmost transparency in the business dealings. Moreover, this enables us to never give our customers a single chance of disappointment while ensuring a clear path for ourselves to their hearts.

A renowned company to deliver the best-in-class product range is Calyx Biotech. Guided by our mentors, we have been walking on the path of success since our establishment. The quality of our products made us reach the hearts of our customers. Apart from quality, it is the price range of our Antiseptic Solution, Human Normal Immunoglobulin for Intravenous Administration IP Solution, Molnupiravir Capsules, Alprazolam Tablets IP, etc., that make our customers happier. We operate from our infrastructural facility based in Delhi, India, sprawling over a wide area, our infrastructure is divided into different units such as quality testing, procurement, packaging, warehouse, etc. Due to the division of our premise, we can easily complete all our business operations.
