Adhesive Tapes Pvt. Ltd.

adding value always

AUTOMOTIVE & LOCOMOTIVE

*Mr. Aneel Kumar, a Professional, Young entrepreneur founded **Sri Vasavi Adhesive Tapes Pvt. Ltd.** in the year 2002. We are a professionally managed organization engaged in manufacturing, coating, converting and distribution of Adhesive Tapes, Die Cuts, Films, Foams and allied products - catering various industries Domestically & Internationally.*

We are a renowned solution provider for verticles like Automotive & Locomotives, Aerospace, Defence, Electrical & Electronics, Renewable Energy, Solar, Print & Paper, Food & Pharma, FMCG, White & Brown Goods, Furniture, Retail, Construction, Infrastructure, Sports & Fitness Equipments, Textiles & Leather Industries - serves wide range of pressure sensitive adhesive tapes, Foams, Die-Cuts & Films.

Vision : *An organisation committed to excel. We intend to serve outstanding, by better understanding the needs of the customer by providing reliable, cost effective & quality solutions. To establish Adhesive tapes business as respectable player in Domestic & International.*

Mission : *To create, add value based organisation, wherein our customers served with valuable solutions through our employees in association with our channel partners. To be among the major player in Adhesive Industry.*

Quality : *Our products comply with International Standards and duly meet the requirements of our esteemed clients.*

Meets ROHS & ARAI Standards

Dollar™ Masking Tapes

Backing	Saturated Crepe Paper
Features	Good Initial tack, Easy Masking and De-masking Wet resistant masking Conforms to curved surfaces without lifting or tearing Residue free removal No bleed-through

Product Code	Description	Special Features	Applications
DMT-50	Masking Tape - GP	Temp Resistant up to 60	Painting in Automotive and Aerospace industries
DHMT-110	Masking Tape - MT	Temp Resistant up to 90	
DHMT-180	Masking Tape - HT	Temp Resistant up to 140	

Dollar™ Fineline Masking Tapes

Backing	Co-Polymer Film
Features	Fineline Partition Easy Curvability Easy Masking and De-masking Flexible Wet Resistant Masking Conforms to curved surfaces without lifting or tearing

Product Code	Description	Special Features	Applications
DFLT-150 W	Fine Line Masking Tape - Economy	Temp Resistant up to 60	To Achieve Clean Crisp Lines & edges at the time of Painting in Automotive and Aerospace industries
DFLT-150 B	Fine Line Masking Tape	Temp Resistant up to 140	

Dollar™ Protective Tape

Backing	PE (Polyethylene Film)
Features	Excellent protection against abrasion and scratches Weather Resistance Residue free Removal Excellent workability Thickness from 30 microns to 100 microns Tailor-made adhesion level

Product Code	Description	Applications
SPT 3803 T	Protection Tape - GP	General Purpose
SPT 4016 T	Protection Tape - Carpet	Carpet Area and Rough Surfaces
SPT 4016 W	Protection Tape - White	Bumper and Textured surfaces
SPT 6015 Blue	Protection Tape - Blue	Emblems / Interior and Exterior Lamps
SPT 1402	Protection Tape - Clear	Dash board and infotainment parts
SPT 1002	Protection Tape - Mirror Finish	Mirror finish, chrome parts and Door handles
SPT 7503BW	Protection Tape - Outdoor	Mirror and UV Resistance

Dollar™ Protective Die -Cuts

Product Code	Applications
SPT 4016 T Die-cuts	Carpet and Rough Surfaces
SPT 4016 W Die-cuts	Bumper and Textured surfaces
SPT 1402 Die-cuts	Dash board, Infotainment & chrome parts

Dollar™ Foam Tapes

Features

Very High Bonding
Good Conformability
UV, Water & Chemical Resistant
Very aggressive adhesive with high adhesion performance, Resistance to ageing.

Product Code	Description	Applications
DSPE 308B	DS PE Foam Tape - 0.8 mm Thick	Emblem Mounting
DSPE 310B	DS PE Foam Tape - 10 mm Thick	Body Side Mould Fixing
AFT- 9064	Acrylic Foam Tape	Sensor Mounting
AFT- 9040	Acrylic Foam Tape	Mounting of PVC cable ducts.
AFT- 9100	Acrylic Foam Tape	License plates Mounting for the automotive industry
AFT - 9150	Acrylic Foam Tape	Rear View Mirror Fixing & Anti Shatter
		For sound insulation and vibration reduction in automotive

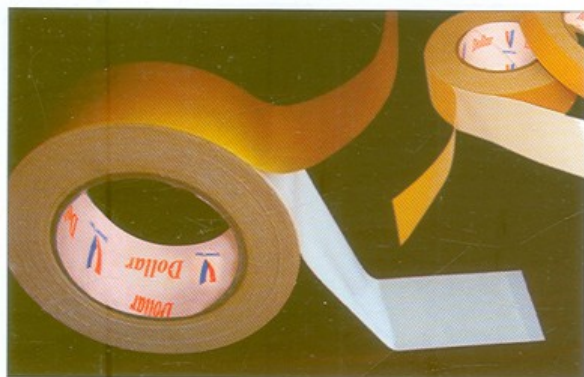

Dollar™ Foam Tapes & Die Cuts

Product Code	Description	Features
PU 3240FR	PU Foam Tape	FR PU Foam for cushioning , Gasketting Applications, Good Noise isolation
PVC - 0430G	PVC Foam Tape	High Resilient PVC Foam, Good conformability, Air Tight Sealing, Vibration Dampening
Nitrile - 0640	Nitrile Foam Tape	Superior Insulation, Good Temp Resistance / 6 mm thick
EPDM - 0640	EPDM Foam Tape	High Temp Application, High Resilient, Low Water Absorption / Vibration Dampening
IXPE - 0450	Chemically Cross Link PE	Cushioning, Vibration Dampening, Fire Retardant
XPE - 0640	Cross Link PE	Gasketting, Cushioning, Vibration Dampening, Fire Retardant
SPE 0240W	PE Foam	Cushioning, Vibration Dampening, Fire Retardant

* Multiple Densities & Thickness Available

Dollar™ Double Side Tapes

Product Code	Description	Features	Applications
DST - 90S	DS Tissue Tape - Economy	Good Tack and Peel	Permanent and Temporary mounting
DST - 115	DS Tissue Tape - Premium	High Tack, Very high Conformability, High Peel Adhesion	
DST - 90HM	DS Tissue Tape	Good Tack and Peel	General Purpose
DSPT - 2540RP	DS PET 25 MIC - Rep	Dual adhesive system with re-position ability on one side	Places where re-positioning is required
DSPVC 220	DS PVC	High Thickness, Very High Tack, Tear resistant, Good Reinforcement for foams	Permanent mounting and Fastening
DSPT - 2540	DS PET 25 MIC	Very High Tack, Tear Resistant, Good Reinforcement for foams	

Dollar™ Masking Die Cuts

Product Code	Description	Features	Applications
Two Tone Masking	Aluminium Foil, Masking Tape, Masking Paper	Custom Design for easy application increased productivity with superior finish, High Temperature Resistance, Easy Workability	Masking of specific areas on the vehicle body to achieve 2 or more tones
Bumper Masking	HT Masking Tape Fine Line Masking Tape Aluminium Foil - Coated and uncoated		All bumper, spoilers and ABS parts where dual tone painting has to be done
Fog lamp Masking	Fine Line Masking Tape		Fog lamp area in the bumpers
Control Panel Masking	Fine Line Masking Tape		To protect the interior control panel cluster items at the time of painting
Under Body Diecuts	Crepe Paper		To protect the assembly holes at the underside of the body during underbody coating

Other Speciality Tapes

Product Code	Description	Features	Applications
DUCT 3060 Grey	Duct Tape	Highly Conformable & Moisture resistant	Ideal for general purpose, Temporary holding application

Product Code	Description	Features	Applications
FMT-150	Floor Marking Tape	Distinct & Bright Colours for Easy Identification, Tough PVC Film with High Resistance to Operation & Cleaning Chemicals	Identification For Safety Equipment, potential Hazardous areas, Segregation of process & Production Areas,

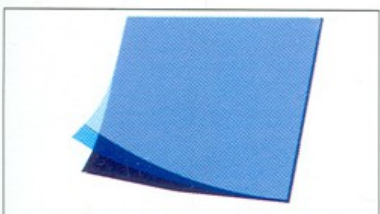

Product Code	Description	Features	Applications
PWT-110	PVC Wire Harness Tape	Fire Retardant, High Tack, Good Elongation,	Cable Harness in Automotive and White goods
PFT - 8020	PET Fleece Tape Wire Harness Grade	Noise dampening & Abrasion resistance, Self Extinguishing, Hand tearable & easy unwind	Heat Resistance upto 105 Degree (Passenger & Firewall)

Product Code	Description	Features	Applications
AFT -5020 S	Aluminium Foil Tape - GP	Dead Soft foil for high conformability, Good thermal and electrical conductivity, seal and protects sensitive surfaces from dust and moisture, Resist UV degradation for long-term performance	GP Thermal Isolation
AFT - 10030S	Aluminium Foil Tape - HT		HT Thermal Isolation
AFT - 3020Con	Aluminium Foil Tape - Conductive		Superior static discharge in paint gigs and booths

Product Code	Description	Features	Applications
BOPP 2317B	BOPP Tape	High tackiness, greater holding power and adhesion strength	Carton Box Sealing and General purpose holding

Product Code	Description	Features	Applications
Sticky Mat 26 X 45	Sticky Mat	High tacky surface which removes dirt and dust	Reduces Cleaning time with cost effective solution. Effectively removes dirt from shoes, equipment wheels etc Keeps working area, entry ways dust free and clean

Product Code	Description	Features	Applications
DMP 35	Masking Paper	Paint won't flake off, Easy to handle, fast application, Can be used with most hand maskers, Resistant to solvents, No Bleed through	Great for masking off large areas prior to spray painting

Product Code	Description	Features	Applications
DLAM 35180 MT	Roll Masker	Wide Area of Coverage Faster Application Easy unwinding for better workability Clings after re-positioning	Reduces the cleaning & maintenance time of the paint shop & surrounding areas Available in width upto 2000 mm & length upto 15 mtrs.

Filament Tape

Backing	Features	Application
Fiberglass Reinforced Films	High Tensile Strength	Heavy Duty Packaging

Waterproof Cloth Tape (DUCT Tape)

Backing	Features	Application
PE Coated Cloth	High Tack Hand Tearable Suitable for wide temperature range	Packaging Ducting Holding

Fibre Reinforced Kraft Tape

Backing	Features	Application
Fibre Reinforced Paper	Water based Acrylic Very High Tensile Strength Eco-Friendly	Heavy duty Packaging Complies to International Packing standards

PE Protection Tape

Backing	Features	Application
PE Film	Adhesive free removal U.V. Resistant	Protection of Metal, Glass, Plastic surface & Carpet

BOPP Tape

Backing	Features	Application
BOPP Film	Available in various colours Logo Printing options available High Tensile strength	Packaging

Crosslink PE Foam

Backing	Features	Application
Crosslink PE Foam	Available with & without Adhesive Available in various thickness & sizes. Available in Die-cut form	Gasketing in Panel Boards Sealing in Automotive Ducting in Air Conditioning

PU Foams & Tape

Backing	Features	Application
PU Foams	Available with & without Adhesive Available in various thickness & sizes. Available in Die-cut form	Sealing in White goods industry. Cushion in Furniture Industry, Packaging

Double Sided Tissue Tape

Backing	Features	Application
Tissue	Comes with extended linear for easy workability	Label Lamination Pouch Sealing
